**Simplified Signs: A Manual Sign-Communication System for Special Populations, Volume 1.** John D. Bonvillian, Nicole Kissane Lee, Tracy T. Dooley, Filip T. Loncke, 2020-07-30 Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages It is the culmination of over twenty years of research and development by

the authors The Simplified Sign System has been developed and tested for ease of sign comprehension memorization and formation by limiting the complexity of the motor skills required to form each sign and by ensuring that each sign visually resembles the meaning it conveys Volume 1 outlines the research underpinning and informing the project and places the Simplified Sign System in a wider context of sign usage historically and by different populations Volume 2 presents the lexicon of signs totalling approximately 1000 signs each with a clear illustration and a written description of how the sign is formed as well as a memory aid that connects the sign visually to the meaning that it conveys While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities cerebral palsy autism or aphasia it may also assist the communication needs of a wider audience such as healthcare professionals aid workers military personnel travellers or parents and children who have not yet mastered spoken language The system also has been shown to enhance learning for individuals studying a foreign language Lucid and comprehensive this work constitutes a valuable resource that will enhance the communicative interactions of many different people and will be of great interest to researchers and educators alike

Educating Pupils with Autistic Spectrum Disorders Martin Hanbury, 2005-02-14 This book offers well thought out and clearly presented information to practitioners in the field of autism The author obviously has an obvious empathy for and understanding of the difficulties experienced by children with autism and enables the reader to clearly see the uniqueness of the child with autism REACH Journal of Special Needs Education in Ireland This is an easy to read informative guide for teachers and teaching assistants It recognizes that practitioners can sometimes feel unskilled when faced with the request to include children with autism Nursery World Written by a headteacher with extensive experience of working with autistic children and young people this book provides a clear introduction to the field SENCO Update From the wealth of books now available on the subject of autistic spectrum disorders this is one of the best I have read Martin Hanbury's obvious commitment and understanding of children with ASD shines through Communication Martin Hanbury manages to convey in straightforward terms some of the intricacies of what it means to have autism and combines theoretical background with a wealth of ideas many of them photocopiable that will help pupils with the disorder cope on the social setting of a school Rona Tutt President National Association of Head Teachers TES Extra for Special Needs Martin Hanbury is full of enthusiasm and is extremely knowledgeable Cathy Mercer NAS Pupils with autism are now commonly taught in a range of settings including mainstream classes special schools and autism specific provision This book will help practitioners to employ appropriate teaching and learning strategies when working with those in their classroom who experience an autistic spectrum disorder The book considers the impact of autism on the learner established effective strategies and interventions the selection of appropriate strategies for individual pupils the historical perspective and the current context within which the practitioner operates the qualities of the pupil with autism tried and tested ideas for successful lessons handy hints checklists and proformae Useful for those teachers and teaching assistants new to the field of autism or working

in isolation from other specialists this book is born of experience and shared experiences It is full of advice for developing positive and enduring learning relationships making your special or inclusive education setting a success for all
