Peculiar Dynamics Of Corruption Religion Gender Eu Membership And Others:

Peculiar Dynamics Of Corruption: Religion, Gender, Eu Membership, And Others Omer Gokcekus, Kevin Bengyak, 2014-10-17 Drawing from theories in economics sociology and psychology Peculiar Dynamics of Corruption examines how gender religion culture and history affect corruption It asks and answers many questions such as does employing more women than men reduce corruption in public sector organizations How does a country s religious landscape a hundred years ago affect corruption today Is corruption higher in recessions or times of economic growth The answers to these questions are surprising group dynamics may matter more than gender a history of Protestantism has lasting effects on a country and corruption is cyclical but not in a way most would assume Corruption is not motivated purely by financial gain and by offering simple explanations of these unexpected causes This book broadens our understanding of this global issue

Overcoming the Corruption Conundrum in Africa Anzanilufuno Munyai, 2020-01-15 This book adopts a holistic approach to identifying what could be done to surmount the corruption conundrum in the African continent It acknowledges the objective reality of corruption in Africa and identifies primary solutions to the issue The volume takes a socio legal approach in order to reveal the nature and extent of corruption and suggests that solutions can be found simply by interrogating how society reacts to it In conjunction with this the book identifies and critiques constraints in the formation of a definitive definition of corruption As shown here although it is critical for African states to develop anti corruption strategies the solution to the problem requires an understanding of the significance of political will and how the lack thereof has led to the endurance of corruption in Africa

The Sustainability of Agro-Food and Natural Resource Systems in the Mediterranean Basin Antonella Vastola, 2015-04-24 This book is focused on the challenges to implement sustainability in diverse contexts such as agribusiness natural resource systems and new technologies The experiences made by the researchers of the School of Agricultural Forestry Food and Environmental Science SAFE of the University of Basilicata offer a wide and multidisciplinary approach to the identification and testing of different solutions tailored to the economic social and environmental characteristics of the region and the surrounding areas Basilicata s productive system is mainly based on activities related to the agricultural sector and exploitation of natural resources but it has seen in recent years an industrial development driven by the discovery of oil fields SAFE research took up the challenge posed by market competition to create value through the sustainable use of renewable and non renewable resources of the territory Moreover due to its unique geographical position in the middle of the Mediterranean basin Basilicata is an excellent open sky laboratory for testing sustainable solutions adaptable to other Mediterranean areas This collection of multidisciplinary case studies and research experiences from SAFE researchers and their scientific partners is a stimulating contribution to the debate on the development of sustainable techniques methods and applications for the Mediterranean regions

Omer Gokcekus with Kevin Bengyak, Peculiar Dynamics of Corruption : Religion, Gender, EU Membership, and Others Sertac

Sonan,2014 *Women, Gender, Religion* E. Castelli,R. Rodman,2001-01-01 This up to date and forward looking collection of essays on gender and religion fills a crucial gap Interdisciplinary and multi traditional this volume highlights the contributions that different disciplinary approaches make to feminist gender studies and religion Designed for the classroom the Reader simultaneously assesses the state of the field and raises questions for further inquiry and investigation

Bulletin of the Atomic Scientists ,1966-06 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Bulletin of the Atomic Scientists** ,1995-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

The Political Economy of a Plural World Robert W. Cox,Michael G. Schechter,2003-08-29 Building on his seminal contributions to the field Robert W Cox engages with the major themes that have characterized his work over the past three decades and the main topics which affect the globalized world at the start of the twentieth century This new volume by one of the world s leading critical thinkers in international political economy addresses such core issues as global civil society power and knowledge the covert world multilateralism and civilizations and world order With an introductory essay by Michael Schechter which addresses current critiques of Coxian theory the author enters into a stimulating dialogue with critics of his work Timely provocative and original this book is a major contribution to international political economy and is essential reading for all students and academics in the field [Vice and Psychiatric Diagnosis](#) John Z. Sadler,2024-02-28 *Vice and Psychiatric Diagnosis* begins with the simple question of why some categories of mental disorder include immoral or criminal conduct as diagnostic features while most mental disorders in the DSM and ICD do not involve such vice laden concepts While this initial puzzle seems to concern only the limited domain of psychiatric nosology Sadler s expansive scholarship reveals that this simple question leads inexorably to complex questions about the role of madness and morality in intellectual history and to today s many conflicts and contradictions in the policy and culture of mental health criminal justice and related social welfare efforts The book outlines the implications of vice concepts being incorporated into psychiatric diagnosis and clinical practice leading to some of the vexing problems in mental health and social care These issues include the fragmentation of care in social welfare efforts involving mentally ill people criminal offenders intellectually disabled

individuals and juvenile offenders The analysis extends to cultural attitudes and policies as well the insanity defense managing the mentally ill criminal offender the value of punishment in criminal justice and derivative issues such as the ethics of forensic psychiatry the growing problem of mass shootings stigma health literacy and the difficulties in pursuing rigorous and consistent approaches to psychiatric diagnostic classification In the pursuit of untangling these threads of vice and psychiatric diagnosis Sadler provides a brief history of ideas about madness and morality beginning in prehistory and extending into the late 20th century The lessons from this history are applied in subsequent chapters examining the vice mental disorder relationship from the perspectives of philosophical conceptual issues the perspectives of criminal law and the criminal justice system and the perspectives of public interest and public opinion The concluding chapters formulate an alternative way of thinking about the vice mental disorder relationship in clinical practice and public policy culminating in Forty Theses which present the detailed conclusions and social implications for this monumental work

Surviving Modern Yoga Matthew Remski, 2024-05-14 Grounded in investigative research and real survivor stories *Surviving Modern Yoga* uncovers the physical and sexual abuse perpetrated by Ashtanga yoga leader Pattabhi Jois and reckons with the culture structures and mythos that enabled it The revised edition of *Practice and All is Coming from Conspirituality* co host Matthew Remski Yoga culture sells well meaning westerners the full package physical health good vibes and spiritual growth Here investigative journalist Matthew Remski explores how cultic dynamics institutional self interest and spiritualized indifference collude to obscure the truth Harm happens in plain sight Through in depth interviews insider analysis and Remski's own history with high demand groups *Surviving Modern Yoga* brings to light how we're each susceptible to cult abuse and exploitation He shows how with the right kind of situational vulnerability and the wrong kind of guru the ideas we hold close about ourselves like It wouldn't happen to me or I'd speak up for victims fail to protect us Remski reckons with his own complicity in spiritual power dynamics and shares how a process of disillusionment allowed him to recognize harm He does the same for readers peeling back the veneer of yoga marketing to reveal the abuse assault and silencing perpetrated against seekers who trusted Jois as a mentor their guruji even a father figure Each survivor speaks in their own words on their own terms reclaiming agency against an insular in group culture that enabled a charismatic leader's devastating harm and positioned him as its only remedy *Surviving Modern Yoga* also includes practical tools to help readers Understand how high demand groups trap would be targets Evaluate their own situational vulnerabilities Learn to listen for loaded red flag language Cultivate their literacy of cult tactics
