How To Coach Youth Football HowExpert,John Seagroves,2013-01-15 We hear the reports and see the video all too often youth coaches and officials assaulted fights breaking out at youth sporting events and parents and coaches losing control over what should be a child s game It doesn t have to be that way What we don t see are the thousands of youth football coaches who do it the right way teaching the game and the ethos of the game to children who love to play Coaching youth football can be one of the most exciting exhilarating and rewarding experiences It takes a tremendous amount of hard work and an ability to communicate with other coaches players and parents but there are few things to compare with watching young people compete and win or learn lessons that will help them for a lifetime Teaching the game of football goes far beyond the white lines beyond the techniques of blocking and tackling Along with learning the fundamentals of the game young people learn teamwork sportsmanship responsible leadership and the need to work hard and prepare to reach goals To avoid being one of those trapped in a nightmare a youth coach must master the ability to relate to both players and parents Above all a coach must communicate It is important that parents trust the coach After all parents are submitting their child to a game that is by its very nature physically brutal Parents need to trust that the coach will have the best interests of the team and their child in mind at all times When those interests collide parents need to know why a coach makes certain decisions and how that will affect their child Along with communicating with adults youth football coaches must be experts in

understanding and relating to children Youth football players have very little concept of the actual fundamentals of the game They see a college or professional game on television and see long passes break away runs or big hits and the thousands of people who cheer while players celebrate This is far from the reality of the game Coaches must be able to demonstrate and teach fundamentals Big plays come out of the ability to be fundamentally sound and being fundamentally sound takes hour upon hour of watching listening and practicing In the NFL and increasingly in college success is defined by wins and losses The bottom line is paramount This isn't necessarily different at the youth level the bottom line is simply wins and losses are important and no one wants to play for a loser But if a youth coach is successful they create not only wins on the field they also help to create joy in the hearts of children and parents players who learn how to play and how to be leaders and most of all a successful youth coach gives players the building blocks to be successful in life About the Expert John Seagroves has taught and coached at the middle school level for over a decade in eastern North Carolina He and his wife Corrie live in Rocky Mount They have one daughter Elizabeth who is an outstanding student and athlete in her own right He has coached football in four different school systems In that time his football teams have compiled a 784 winning percentage He has led football softball and basketball teams to county and conference titles in the process More importantly he is proud of the overwhelming success his players have had in the classroom many going on to study and earn college degrees at some of the most prestigious universities in the region Mr Seagroves would like to thank Coach Todd Brewer of Nash Central High School for his contributions on offensive philosophy for youth football and on how to establish expectations in your program Coach Brewer and Mr Seagroves spent several years coaching together and much of the information in this book evolved from that partnership HowExpert publishes quick how to guides on all topics from A to Z by everyday experts

Christopher Austin Los Alamitos Pop Warner 2006 Pop Warner National Champion I've looked at a lot of youth football coaching materials over the years. You will not find a more complete out of the box system anywhere. Coach Gregory's system has proven successful for teams with players as young as 5 years through the High School level. There is one thing that teams who run Gregory's system have in common: they WIN football games. I have run Jack's system since 2003 and have enjoyed tremendous success. Never Ran, Never Will Albert Samaha, 2018-09-04 This uplifting story of a boys' football team shines light on the underappreciated virtues that can bloom in impoverished neighborhoods even as nearby communities exclude them from economic progress. *Never Ran, Never Will* tells the story of the working-class, mostly black neighborhood of Brownsville, Brooklyn, its proud youth football team, the Mo Better Jaguars, and the young boys who are often at the center of both. Oomz Gio Hart and their charismatic, vulnerable friends come together on a dusty football field. All around them, their community is threatened by violence, poverty, and the specter of losing their homes to gentrification. Their passionate, unpaid coaches teach hard lessons about surviving American life with little help from the outside world, cultivating in their players the perseverance and courage to make it. Football isn't

everybody's ideal way to find the American dream but for some kids it's the surest road there is The Mo Better Jaguars team offers a refuge from the gang feuding that consumes much of the streets and a ticket to a better future in a country where football talent remains an exceptionally valuable commodity If the team can make the regional championships prestigious high schools and colleges might open their doors to the players Never Ran Never Will is a complex humane story that reveals the changing world of an American inner city and a group of unforgettable boys in the middle of it all **Tim, The Football Nut** C.
