global international tax agenda as the necessary counterweight and complement to Base Erosion and Profit Shifting BEPS. Importantly it pleads for a global minimum standard of legal protection of the fundamental rights of taxpayers and extracts the content of such rights from relevant constitutional principles of many countries around the world. The book is structured in 3 parts. Part I focusses on the legal sources and on the relations between taxation and international human rights law. Part II identifies general principles and specific taxpayers rights groups them into 3 categories: procedural related to sanctions and substantive and analyses the different implications that arise in each of them. Part III features concrete proposals for establishing a global framework for the protection of taxpayers rights including guidelines for tax authorities. The book is a unique instrument for the daily work of practitioners and international tax scholars interested in securing the protection of taxpayer s fundamental rights as well as for those involved in tax collection worldwide. Taxpayers can refer to the book to find out which rulings and concepts can help them enforce their rights. Tax authorities and judges can use the book to verify which rights have to be respected.

**The Reservoir of Central Acts of Parliament for All - Vol II** Ram K Narayan, 2022-07-12

The book is the first of its kind. It consolidates under 18 different subjects in two volumes the objective of Central Acts passed by the Central Government. It covers the objective of each Act, the rights, duties, obligations and punishments for non-compliance. The book is directed at non-legal persons i.e. ordinary citizens of the country who have not studied or practice law as a subject. The book can also be of immense value as a reference tool to lawyers and legal practitioners. The utility value of the book can be enhanced manifold once it is translated into regional languages. The book aims at guiding a reader into an informed citizen. It provides a platform to reduce the impact and incidence of risks arising out of non-compliance. It is more apt today when so much debate is taking place in the country related to constitutional rights, sedition laws, receiving FCRA rights of women, the privileged animal rights etc. The book has the foreword notes by Mr. Shailesh Haribhakti, an eminent chartered accountant and Mr. Manoj K. Raut, CEO of the Institute of Directors (IOD).
