Penance A Malcolm Connally Novel:

Penance Matthew Moseman,2014-11-01 Still dealing with the events following the death of his love Malcolm Connally reluctantly takes on a new case at the behest of a former classmate Holt McCoy is a Nebraska native who made it big as an actor in Hollywood and is looking to launch his own production company with a controversial new film about a fringe religion in the heart of his home state But when one of his researchers turns up dead while on location he smells a cover up and asks his old friend Mac Connally to find out the truth When Mac arrives in the seemingly idyllic community of New Galilee he finds that his every move is the subject of local gossip and that the local sheriff s department is less than welcoming He finds allies in a spunky female police detective and a Catholic priest while bumping heads with a local street gang and the head of the mysterious religious sect

The Illusion of Democracy Phil Mennitti,2015-02-02 This is the second story in a non partisan series detailing how the elite have impoverished America s Middle Class In this timely and revealing book the author explains what has happened in simple easy to understand terms that are brief and to the point The crippling and devastating consequences to liberty have not gone unnoticed The author bears witness to history and the treacherous crimes which have overthrown the Republic Referred to as the history of the Deep State The Illusion of Democracy is a more accurate historical accounting of the United States since the coup of 1963 when President Kennedy was executed in Dealey Plaza by the Operation 40 assassination squad This sequel focuses on the big picture It explains Hegelian Dialectic Principles of how our puppet masters create conflict to increase their wealth and power The book connects the dots of all major false flag events to prove this massive deception was intentionally engineered and that we the people have been subjugated through indentured servitude into a feudal system controlled by wealthy oligarchs This book was written at a high school level with those students in mind It is perfect for high school classes college courses or the average reader at home who is curious about what went wrong over the past generation which killed the American Dream
