Digitalisation of Global Business Services Albert Plugge,Shahrokh Nikou,2024-02-26 The concept of Global Business Services GBS is well recognised and researched by both scholars and practitioners However the complexity of applying GBS has been the subject of various critiques due to its effect on firms business processes service portfolio and provisioning of in house as well as outsourced services Although GBS results have been much criticised this book argues that the rise of digitalisation reopens the question of implementing GBS successfully The findings of this novel research which is based on a

multi method approach provide insights in relevant GBS factors and how these factors affect a GBS implementation strategy Further analysis show how digitalisation including platforms and AI enable GBS organisations to decrease implementation issues Research outcomes illustrate that firms which apply an enterprise ecosystem approach are better able to exchange GBS information The willingness and ability of firms to intensify the collaboration at managerial and subject matter level will help to overcome GBS implementation challenges This book puts forward the case that the rise of digitalisation enables GBS organisations to provide benefits and ensure that the GBS business model still matters It will be of great interest to scholars and students of digital business and innovation International Business in the 21st Century Bruce D. Keillor,Vijay R.
