Migration and the Crisis of the Modern Nation State? Frank Jacob, Adam Luedtke, 2018-01-10 The anthology explores the interrelationship between migration and a supposedly existent crisis of the modern nation state The argument of such a crisis is mainly used by the New Right to stimulate nationalist feelings and provoke hate and aggression We in contrast to this perception argue that from a historical and current perspective migration is not endangering the nation state but rather changing the idea of a nation itself by redefining it In historical as well as current case studies the authors determine the political dangers of right wing demagogues while emphasizing the chances immigration is offering the progress of the nation state While it will be discussed how nationalism is impacting on the perception of migration we also want to emphasize how it is perceived by the people in the specific regions which are either confronted with migration or those which are not The authors for the volume come from different fields namely history and political sciences and are consequently able to offer the reader a broad insight into the historical roots and the current consequences nationalism had or has on the perception and the local as well as global policies towards migration The analysis of particular immigrant groups e g North Koreans in post war Korea South Asians in the Emirates Middle Eastern refugees in Europe Hispanics in the United States as well as a close reading of crisis related media newspapers and other media in Europe and the US will all in all establish a broad perspective due to which the reader will be able to compare and connect the national events to a larger global picture

Right for a Reason Miriam Weaver, Amy Jo Clark, 2014-10-30 It s time for a real snarktastic humor filled look at what makes conservatism right We conservatives have truth and rationality and logic on our side We just need to remind ourselves why we are right and we need that reminder delivered in a way that s not a lecture not a history lesson and not a complicated political diatribe If you think all

conservatives are old white dudes think again Meet the Chicks on the Right if you haven't already Everyone loves to tell them they're wrong Everyone Liberals say they're wrong because well they're conservative Conservatives tell them they're wrong because they are not conservative enough Or because they're too conservative Or because they're the wrong kind of conservative With all the blame flying around it's easy to lose sight of one important thing They think like you And they are right It's right to revere the Constitution It's right to value personal responsibility economic liberty and free enterprise It's right to think that political correctness is crap and it's right to call out the mainstream media for bias And it's right to laugh at the so-called War on Women and to stand up for the unborn As they do every day on their blog and radio show Miriam Weaver and Amy Jo Clark offer a definitive response to critics on the right and the left and a cheerfully snarky pep talk for likeminded conservatives On the one hand they are tired of the media's portrayal of conservatives as repressed sticks in the mud on the other hand they are sick of GOP leaders who play right into that stereotype With humor and insight Mock and Daisy as the Chicks are known on their blog explain why Capitalism is a good thing success and the money that comes with it are nothing to be ashamed of First Amendment protections extend to all Americans not just those with whom we agree Americans have a constitutional right to things that go pew pew pew Skin color is irrelevant It makes sense to be pro life and pro Plan B The Chicks offer suggestions for a conservative makeover that will realign the GOP with the regular folks who are frustrated with uptight and clueless politicians But they also show why conservatism makes sense for everyone especially those who love their country their families God rock and roll and a well made cocktail not necessarily in that order

Suffer the Children Gary Scott Smith, Jane Marie Smith, 2017-01-31 We all say that we care about children We all know that millions of children around the world including in the United States are suffering physically materially and emotionally and are unable to reach their full potential Moreover their material deprivation and physical ills often prevent them from responding to the gospel Most of us conclude that we cannot do anything significant to help the impoverished children living in our own backyards let alone those living in the slums of Nairobi or the hinterlands of Haiti We can however do much to improve their lives materially and spiritually Through praying giving generously sponsoring children volunteering with aid organizations living more simply investing and shopping more prudently and advocating more zealously in the political arena we can make a difference We can prod politicians business executives and church leaders to prioritize aiding destitute children We can support one of the hundreds of organizations that are working effectively to help indigent children have better lives *Suffer the Children* describes the plight of poor children and provides many practical ways we can participate in one of the most important crusades to improve our world The authors have assigned all their royalties to organizations working to aid children

Civil False Claims and Qui Tam Actions Boese, **Bodies at War** Belinda Linn Rincón, 2017-10-31 In the wake of U.S. military intervention abroad and collapsing domestic economies scholars have turned their attention to neoliberalism and militarization two ideological and material projects that are often treated as coincident though not interdependent

Bodies at War examines neoliberal militarism a term that signifies the complex ways in which neoliberalism and militarism interanimate each other as they naturalize disempowering notions of masculinity and femininity alter democratic practices and circumscribe the meaning of citizenship and national belonging Bodies at War examines the rise of neoliberal militarism from the early 1970s to the present and its transformation of political economic and social relations It charts neoliberal militarism's impact on democratic practices economic policies notions of citizenship race relations and gender norms by focusing on how these changes affect the Chicana/o community and more specifically on how it shapes and is shaped by Chicana bodies The book raises important questions about the cultural legacies of war and the gendering of violence topics that reach across multiple disciplinary fields of inquiry including cultural and media studies It draws attention to the relationship between war and society to neoliberal militarism's destructive social impact and to the future of Latina soldiering Through Chicana art activism and writing Rincón offers a visionary foundation for an antiwar feminist politic

More Human Steve Hilton, Scott Bade, Jason Bade, 2016-04-26 People feel angry and let down by their leaders as well as by the institutions that dominate their lives political parties government bureaucracy and corporations Yet the cause of this malaise according to political advisor turned tech CEO Steve Hilton is not being addressed by politicians on the left or the right Hilton argues that much of our daily experience from the food we eat to the governments we elect to the economy on which our wealth depends to the way we care for our health and well being has become too big too bureaucratic and too distant from the human scale More Human sets out a radical manifesto for change aimed at the root causes of our problems rather than just the symptoms Whether it's using the latest advances in neuroscience to inform the fight against poverty and inequality or applying lessons from America's most radical schools to transform our children's education this book is an agenda for rethinking and redesigning the outdated systems and structures of our politics government economy and society to make them more suited to the way we want to live our lives today To make them more human
