Pensées Royales Canines - les pensées du King Charles Didier Hallépée, 2010 *Cavalier King Charles Spaniel*
Francois Kiesgen de Richter, 2016-08-28 Joyful exuberant happy living the Cavalier King Charles dog has a explosive character always on the move in search of a ball or other toy to solicit his master However its main feature is that it is able to calm the moment when his teacher asked His presence becomes imperceptible and we even have to go looking for him to know where he hid It is a perfect dog for children because of his kindness good humor and boundless energy He always has a positive effect on children because it shows them what a total joy In the home it is clean unobtrusive and does not bark excessively Although its origins refer to its hunting qualities the Cavalier King Charles likes today much in the skin of companion that in the hunter It has become a pet dog example dedicated and devoted to his owners It asked only one thing spending time with them Companion of the whole family it adapts to all situations and likes both apartment and countryside provided that gives him his daily activity dose Indeed it remains a spaniel and able to spend Thus the Agility is a sport that suits him but heart disease they are almost all suffering and dislocations of the kneecap are disabled Always cheerful he is particularly sociable Education is paramount it may adopt deviant behavior if he is not educated young and if poorly taken over It is very exuberant and easily encroach on the territory of his master I go first talk to you future master before you deliver a lot of tips on choosing your puppy The little fur ball that s all beautiful cute Are you sure of your choice A dog that is from 12 to 14 years together with a companion Are you players no poker or roulette but ball or Frisbee The game is the secret to establish a league with your dog If you associate the game and the reward then that will be won But beware the use of reward is an art The goal is not to have a dog depending on the kibble I ll make grumpy but a dog can not be bought at pet stores and especially not in a particular undeclared as a breeder and would have beautiful puppies without LOF Breeding is regulated since January 2016 It is a matter for professionals I m sorry for the merchants from the temple but the problems reach the vast majority in dogs that do not fit the breed standard Yes the LOF is the guarantee that your family dog complied with the criteria and characteristics Do not believe that it is that of physical criteria A dominant dog that does not exist The dog reacts to a pack phenomenon it will never be dominant or submissive it will evolve in a range of behaviors depending on the context By against a dog may have more or less character more or less timid and unsociable and it s very different a test will help you understand the nature of the puppy and education will then play its role fully A guard dog must have character have a tendency to autonomy or even independence You can visit the website of the Club of the breed In general if a scope is announced on the site And only serious farms that conform to the orientation of the breed club are referenced *Pensées Royales Canines* King Barks, 2011-05-23 Bande Dessin e en photos Domestiqu depuis 10 000 15 000 ans le chien est le fid le compagnon de l homme Ses qualitt s de chasseur et de gardien l ont rendu indispensable mais son succ s vient aussi de ses qualitt s d animal de compagnie L homme a su cultiver et am liorer ces qualitt s en fonction de ses envies et de ses besoins et c
