Lyndon Mallet's *Taffin* was made into a film starring Pierce Brosnan in 1988. Contains topical issues involving the High Speed 2. As the new high-speed rail route StarTrack threatens a village, Taffin is forced to act in the face of corruption. *Taffin on Balance* is set against a background of the classic car trade in which barn finds are always newsworthy. It deals with manipulation at Cabinet level of a High Speed rail route and resistance to it at village level. Based on the *Taffin* books, *Taffin on Balance* continues to follow his life. He is now running Muscle Motors with his long-time girlfriend Charlotte, restoring and selling classic American cars. The High Speed rail route StarTrack is threatening the village boundaries, and some of the locals approach Taffin for ways of resisting it. He tells them there is nothing he can do, but events draw him in anyway. It seems Taffin's past is close behind. Someone is trying to put Muscle Motors out of business, and it soon becomes clear that the threat is well-financed, the motive personal, and the intention deadly. Taffin is forced to revert to his old skills as he faces corruption that reaches from his home territory into the heart of government. Popular Science, 2002-12
