Reading Trauma Narratives Laurie Vickroy, 2015-10-30 As part of the contemporary reassessment of trauma that goes beyond Freudian psychoanalysis Laurie Vickroy theorizes trauma in the context of psychological literary and cultural criticism Focusing on novels by Margaret Atwood William Faulkner Toni Morrison Jeanette Winterson and Chuck Palahniuk she shows how these writers try to enlarge our understanding of the relationship between individual traumas and the social forces of injustice oppression and objectification Further she argues their work provides striking examples of how the devastating effects of trauma whether sexual socioeconomic or racial on individual personality can be depicted in narrative Vickroy offers a unique blend of interpretive frameworks She draws on theories of trauma and narrative to analyze the ways in which her selected texts engage readers both cognitively and
