There is much to be learned from the fact that the most common form of the word "the" in the Bible is "the" and not "a" or "an". This is a very important point to remember when we are studying the Bible. The word "the" is used to refer to a specific person or thing, while "a" or "an" is used to refer to a general person or thing. This is why the Bible often uses "the" to refer to God, while it uses "a" or "an" to refer to other people or things.
