

DISCUSSION BOARD GRADING RUBRIC

(S A M P L E)

EXEMPLARY (5 POINTS)

Discussion posts and responses are responsive to the requirements of the discussion instructions and are posted by the due date.

Discussion posts and responses significantly contribute to the quality of interaction by providing relevant examples, supporting documentation, and stimulating thought, demonstrating respect in tone and language.

Discussion posts and responses provide evidence that the student has read and considered a sampling of classmates' posts and synthesized key comments and ideas as applicable.

PROFICIENT (4 POINTS)

Discussion posts and responses are responsive to the requirements of the discussion instructions and are posted by the due date.

Discussion posts and responses contribute to the quality of interaction by providing examples, supporting documentation, and ideas in a respectful manner.

Discussion posts and responses demonstrate some depth of understanding of the issues and show that the student has absorbed the general principles and ideas presented in the course.

Discussion posts and responses provide evidence that the student has considered at least some classmates' posts and synthesized some key comments and ideas, as applicable.

SUFFICIENT (3 POINTS)

Discussion posts and responses are posted by the due date but are not always responsive to the requirements of the discussion instructions.

Discussion posts and responses do little to contribute to the quality of interaction or to stimulate thinking and learning.

Discussion posts and responses demonstrate a minimal understanding of concepts presented, tend to address peripheral issues, and display some omissions and/or errors.

DEVELOPING (2 OR LESS POINTS)

Discussion posts and responses are posted past the late deadline, defined as 11:59 p.m. on the due date, and/or do not address the requirements of the discussion instructions.

Discussion posts and responses do not contribute to the quality of interaction or stimulate thinking and learning.

Discussion posts and responses do not demonstrate an understanding of the concepts presented in the course, and/or do not address relevant issues, and/or are inaccurate.

Discussion posts and responses do not provide evidence that the student has read or considered classmates' posts as applicable.

new tools and strategies are adopted It is imperative that programs and institutions of higher education explore increased online options that align with best practices to develop effective and engaging online courses The Handbook of Research on Developing Engaging Online Courses is an essential research publication that provides multiple perspectives on improving student engagement and success in online courses This book includes topics focused on the online learner online course content and effective online instruction The content contained within the title is ideal for curriculum developers instructional designers IT consultants deans chairs teachers administrators academicians researchers and students

Teaching Psychology Online Kelly S. Neff, Stewart Ian Donaldson, 2013 Intended as a resource for psychology educators ranging from teaching assistants to experienced faculty this book shows readers how to effectively create and manage an online psychology course Guidelines for preparing courses facilitating communication and assigning grades are provided along with activities and assessments geared specifically towards psychology Pedagogical theories and research are fused with the authors teaching experiences to help maximize the reader s abilities as an online psychology instructor The book focuses on psychology education at the undergraduate level but it also includes material appropriate for graduate students and professionals Readers will find helpful examples from all the major content areas including introductory social developmental biological abnormal and positive psychology and human sexuality Every chapter is organized around 3 sections The Purpose part introduces the key concepts theory and research The Implementation section reviews the nuts and bolts of online teaching and the Troubleshooting section addresses key problems and potential solutions Text boxes highlight important tips The website <http://www.TeachingPsychologyOnline.com> provides additional tips links to related articles and other resources and examples of online psychology assignments from across the discipline The book addresses launching your online course enhancing student instructor communication modes of multimedia and how to integrate them into your course including lecture videos podcasting blogging wikis and social networking sites creating activities for online courses assessment and grading and online education trend including doctoral level education Ideal for instructors teaching ANY psychology course from introductory to upper level undergraduate to graduate courses this text can be used for developing on line courses in applied areas such as counseling health and industrial psychology as well as for courses in social cognitive and developmental psychology Instructors of any technical skill level can use this book including those familiar with Blackboard to those who are just getting started Whether you are a seasoned pro or new to teaching psychology online the tips in this book can help improve your instruction reduce your prep time and enhance your students success

Creating Inclusive Online Communities Sharla Berry, 2023-07-03 Before the Covid 19 pandemic online and distance education enrolled over 19 million students in the US As colleges and universities return to in person instruction the number of online courses and programs is poised to grow exponentially At the same time institutions of higher education are increasingly more diverse racially ethnically and socioeconomically with present and future students having a range of intersectional needs related to

their cultural backgrounds gendered experiences and abilities Sharla Berry offers faculty practical strategies for building asynchronous synchronous and blended online courses and programs that are inclusive and engaging for diverse learners Recognizing that community is a complex contextual and constantly shifting concept Sharla Berry opens this book by addressing how to develop an inclusive approach to online teaching that takes into account the experiences and needs of historically marginalized and underrepresented students Covering the affordances and limitations of synchronous and asynchronous teaching as well as hybrid and fully online instruction she outlines different approaches to course design and identifies how to use the myriad functions of learning management systems from collaborative tools to administering tests to engage students and assess their involvement and progress While primarily designed to provide faculty with practical and actionable ideas and strategies this book will also prove useful to those that support faculty in cultivating teaching excellence Administrators instructional designers faculty developers and support staff will gain insight into how to support faculty in developing robust and inclusive online courses This book is a thoughtful and practical resource for anyone involved in the teaching and design of online courses and programs that meet the needs of an increasingly diverse student body in an evolving and multifaceted online environment

Certified Nurse Educator (CNE®) and Certified Nurse Educator Novice (CNE®n) Exam Prep - E-Book Donna D. Ignatavicius, 2022-11-16 Approx 318 pages Introductory chapter provides essential orientation to the CNE and CNE n Exams Right sized content review for each of the eight CNE and CNE n competencies provides focused need to know review content for more efficient study A robust collection of CNE and CNE n review questions for each of the eight competencies provides formative self assessment for the CNE and CNE n Exams Concluding Planning for Success on the CNE and CNE n Exam chapter provides essential study and preparation tips as faculty prepare to take the CNE and CNE n Exams Comprehensive Practice Exam provides authentic practice for the CNE and CNE n Exams Answer Keys for both the chapter ending CNE and CNE n Practice Questions and the Comprehensive Practice Exam provide correct answers and rationales for self remediation Fully interactive quizzing engine on the Evolve companion website provides all the book's questions in Quiz Mode and Exam Mode for a virtually unlimited number of auto generated practice tests

Who Let This Disaster in My Classroom? Cassandra Smith, 2009-06-01 Attention Online Instructors this one is for you Have you ever felt alone as an online instructor Have you ever wondered why students email you with excuses about their late assignments and expect pardon Have you ever doubted whether anyone understands the challenges you face with online students Have you ever questioned your class setup or simply needed some direction If your answers are an emphatic yes then this book is for you Who Let this Disaster in My Classroom provides you the long overdue answers to your questions as an online instructor It provides skills strength and the gift of laughter as I chronicle my own experiences as an online instructor This book will help you make it through your classes and reaffirm that you are not alone in cyberspace It is a must have for online instructors as it provides real life examples and practical tips to help you through this innovative wonderful

virtual platform called distance education

Curriculum Design and Classroom Management: Concepts, Methodologies, Tools, and Applications

Management Association, Information Resources, 2015-04-30

Educational pedagogy is a diverse field of study one that all educators should be aware of and fluent in so that their classrooms may succeed Curriculum Design and Classroom Management Concepts Methodologies Tools and Applications presents cutting edge research on the development and implementation of various tools used to maintain the learning environment and present information to pupils as effectively as possible In addition to educators and students of education this multi volume reference is intended for educational theorists administrators and industry professionals at all levels *Cultivating Diverse Online Classrooms Through Effective Instructional Design* Milheim, Karen L., 2017-11-30 Higher education programs are continuously expanding globally and now students who are enrolled in online courses can reside anywhere in the world Due to this phenomenon institutions are forced to adapt to serve their remote students Cultivating Diverse Online Classrooms Through Effective Instructional Design provides emerging information on designing online courses recognizing cultural differences building effective learning environments and forums and integrating classroom aesthetics While highlighting the challenges of online education and intercultural learning readers will learn valuable ways to maximize student communication learning and other culturally diverse classroom tools This publication is an important resource for instructional designers graduate students academics and other higher education professionals seeking current research on the best ways to globally expand online higher education **Improving Learning Through Assessment Rubrics:**

Student Awareness of What and How They Learn Gonsalves, Chahna, Pearson, Jayne, 2023-08-14 Assessment by rubrics has emerged as a tool with great potential to guide successful student learning from a competency based approach Rubrics as instruments that make it possible to share the criteria for carrying out learning and assessment tasks with students are excellent roadmaps for student learning largely because they allow students to know what they are expected to do and what they are expected to achieve by carrying out the learning tasks Improving Learning Through Assessment Rubrics Student Awareness of What and How They Learn contributes to the improvement of what is being evaluated by identifying the strengths as well as the weaknesses of the didactic use of rubrics in the assessment of university learning The book also provides a set of theoretical issues methodological elements and practical resources for the assessment of university learning using rubrics Covering topics such as active learning self assessment and teacher identity this reference work is ideal for administrators policymakers researchers scholars academicians practitioners educators and students **Teaching on the Education Frontier** Kristin Kipp, 2013-06-04 A groundbreaking guide to facilitating online and blended courses This comprehensive resource offers teachers in grades K 12 a hands on guide to the rapidly growing field of online and blended teaching With clear examples and explanations Kristin Kipp shows how to structure online and blended courses for student engagement build relationships with online students facilitate discussion boards collaborate online design online assessments

and much more Shows how to create a successful online or blended classroom Illustrates the essential differences between face to face instruction and online teaching Foreword by Susan Patrick of the International Association for K 12 Online Learning This is an essential handbook for learning how to teach online and improve student achievement **Increasing Productivity and Efficiency in Online Teaching** Dickenson, Patricia, 2016-05-19 Distance learning has become very popular in recent years making evident some of the problems inherent to online classes as they are today High attrition rates driven in part by student isolation and low satisfaction have plagued online courses For an online class to succeed it must be built upon engaging media and meaningful interaction Increasing Productivity and Efficiency in Online Teaching provides a reference for educators in virtual classrooms and enumerates strategies to foster instructor engagement and support Because co construction of information opposed to rote memorization of disseminated facts engages students and develops critical thinking skills online education must shift to reflect this Drawing from learning theory this publication focuses on the ways educators can shape their online classes to best suit their students and leave them with knowledge and course satisfaction This book is recommended for researchers developers students of education administrators and online educators in all subject areas **The Tools for Successful Online Teaching** Dawley, Lisa, 2007-01-31 In depth study of how to integrate a variety of internet technology tools for successful online learning For all online teachers and those who design curricula for online environments **Innovative Practices in Teaching Information Sciences and Technology** John M. Carroll, 2024-08-13 Information Sciences and Technology IST is a rapidly developing interdisciplinary area of university research and educational programs It encompasses artificial intelligence data science human computer interaction security and privacy and social informatics In both research and teaching IST ambitiously addresses interdisciplinary synergies across this broad foundation Many articles and books discuss innovative research practices in IST but innovations in teaching practices are less systematically shared Although new programs and new faculty join IST each year they basically have only their own imaginations to draw upon in developing effective and appropriate innovative teaching practices This book presents essays by experienced faculty instructors in IST describing insights that emerged from teaching and learning classroom practice and that have been validated through classroom experience The book is intended to help develop and strengthen a community of practice for innovative teaching in IST **Experiences and Research on Enhanced Professional Development Through Faculty Learning Communities** Blankenship, Rebecca J., Wiltsher, Cheree Y., Moton, Brandon A., 2022-06-24 Faculty learning communities are a fairly new ideology that is gaining traction among educators and institutions These communities have numerous benefits on professional development such as enhancing educator preparedness and learning The possibilities of these communities are endless however further study is required to understand how these learning communities work and the best practices and challenges they face Experiences and Research on Enhanced Professional Development Through Faculty Learning Communities shares the experiences and research related

to the enhanced professional development received by university faculty and staff participating in a series of collaborative faculty learning communities The book using qualitative quantitative and mixed methodologies considers educator experiences as participants in the faculty learning communities what they learned and how they applied and implemented best practices in their courses Covering topics such as curricula course design and rubrics this reference book is ideal for administrators higher education professionals program developers program directors researchers academicians scholars practitioners instructors and students *Learning Intelligence: Innovative and Digital Transformative Learning Strategies* Kumaran Rajaram,2023-02-09 This book provides holistic guidance and proposes practical frameworks to navigate complex learning environments in the rapidly evolving climate and an environment to facilitate effective learning and knowledge transfer while advocating a shift in the learning culture and culture of learning in varying contexts It serves well for varying and cross disciplinary clusters of individuals particularly for academics senior management of higher education institutions and senior leaders of corporate organizations This book equips readers with a deeper understanding of the evolving and dynamic issues that need to be addressed in the higher education context to handle multifaceted situations in the process of engaging University students to be nurtured as future global leaders and knowledge workers **A Practical Guide to Teaching Research Methods in Education** Aimee LaPointe Terosky,Vicki L. Baker,Jeffrey C. Sun,2023-03-23 A Practical Guide to Teaching Research Methods in Education brings together more than 60 faculty experts The contributors share detailed lesson plans about selected research concepts or skills in education and related disciplines as well as discussions of the intellectual preparation needed to effectively teach the lesson Grounded in the wisdom of practice from exemplary and award winning faculty from diverse institution types career stages and demographic backgrounds this book draws on both the practical and cognitive elements of teaching educational and related research to students in higher education today The book is divided into eight sections covering the following key elements within education and related research problems and research questions literature reviews and theoretical frameworks research design quantitative methods qualitative methods mixed methods findings and discussions and special topics such as student identity development community and policy engaged research and research dissemination Within each section individual chapters specifically focus on skills and perspectives needed to navigate the complexities of educational research The concluding chapter reflects on how teachers of research also need to be learners of research as faculty continuously strive for mastery identity and creativity in how they guide our next generation of knowledge producers through the research process Undergraduate and graduate professors of education and related research courses dissertation chairs committee members faculty development staff members and graduate students would all benefit from the lessons and expert commentary contained in this book Research Anthology on Remote Teaching and Learning and the Future of Online Education Management Association, Information Resources,2022-09-02 The sudden implementation of emergency health procedures at the start of the COVID 19 pandemic

forced many educators and educational institutions to explore new territory in terms of policy teaching strategy and more. Now that many institutions are familiar with online education, innovations have been developed and implemented. It is essential to study these best practices and innovations that have been developed in remote teaching and learning to better understand the future of online education. The Research Anthology on Remote Teaching and Learning and the Future of Online Education explores the recent developments, strategies, and innovations in remote teaching and learning that have been implemented globally. Covering topics such as emergency remote teaching, psycho-social well-being, and cross-cultural communication, this major reference work is an indispensable resource for educators and administrators of both K-12 and higher education, pre-service teachers, teacher educators, librarians, government officials, IT managers, researchers, and academicians.

Creating Culturally Affirming and Meaningful Assignments Christine Harrington, 2024-02-02

Creating Culturally Affirming and Meaningful Assignments offers principles, strategies, and examples to aid in the development of inclusive college coursework in which all students feel seen and valued. This resource prepares instructors to proactively consider ways to honor and engage with students' varied identities and lived experiences through assignments. Chapters cover the course design process, methods on getting to know your students, assignment options beyond the exam, and more. Reflection questions at the end of each chapter serve as a springboard for faculty and leadership conversations on equitable and inclusive teaching practices, while the appendix features 20 example assignments sourced from various higher education disciplines. An accessible, practical read, this guidebook is for any higher education instructor who wants to reimagine their assignments to center and celebrate students' varied cultural backgrounds and experiences.

Designing Rubrics For Quality-Driven Evaluation Aleena George S, About the book

The importance of rubrics, their uses in the classroom, rubrics as an evaluation tool, as well as a learning tool, rubric construction and validation, and future options in the development of rubrics are all covered in this book. Rubrics are useful at all stages of education, from elementary school to higher education, and they help to make the assessment process fairer and uniform. The rubric as an assessment tool that can be presented as a simple Rubric, yes/no performance indicators, or as a complex Rubric, descriptive banded performance indicators, since it must be in accordance with the learning outcomes or objectives. Teachers and students in higher education, as well as aspiring teachers, can benefit much from the book.

Rubrics For Discussion Boards Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rubrics For Discussion Boards has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rubrics For Discussion Boards has opened up a world of possibilities. Downloading Rubrics For Discussion Boards provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rubrics For Discussion Boards has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rubrics For Discussion Boards. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rubrics For Discussion Boards. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rubrics For Discussion Boards, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rubrics For Discussion Boards has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rubrics For Discussion Boards Books

1. Where can I buy Rubrics For Discussion Boards books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rubrics For Discussion Boards book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Rubrics For Discussion Boards books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Rubrics For Discussion Boards audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
