Verizon Wireless

How to Use the Extender

The extender is used to extend the range of your Wi-Fi network. To use the extender, you need to connect it to your existing Wi-Fi network. The extender will then broadcast the same Wi-Fi signal, allowing you to connect devices in areas where the original signal was weak.

How to Connect the Extender to Your Network

There are two ways to connect the extender to your network. The first way is to use the WPS button. The second way is to use the extender's web interface. To use the web interface, you need to connect a computer to the extender's Ethernet port. Then, open a web browser and enter the extender's IP address. The web interface will guide you through the setup process.

Verizon Wireless

How to Use the Extender

- Connect the extender to your existing Wi-Fi network.
- Test the connection by connecting a device to the extender's Wi-Fi network.
- Reset the extender if you are having trouble connecting.
