Cate, 2012-06-27 This newly revised classic workbook features updated resources to help readers better understand the needs and growth of missions today It also includes revised questions and suggestions for further reading for deeper reflection and understanding *Through God's Eyes* is an invaluable resource for those seeking to investigate God's passion for His world This study guide is designed to bring us into the Word personally help us discover inductively what God is saying and gain a better sense of His direction for our lives *Through God's Eyes* can function as a personal Bible study or as part of an introduction to missions or a biblical theology of missions course for a small group Sunday school college or seminary class **Measure of People and Space Interactions in the Built Environment** Abubakar Danladi Isah, Isa Bala Muhammad, 2019-02-28 This book is an edited collection of seven chapters on the theme of people and space interactions in different settings Using a variety of problems it showcases a rich set of solutions to the global challenges of functional sustainable and responsive habitats in both urban and rural environments The book deals with cultural landscapes sustainable housing settings the environment and human response spatial epidemiology neighbourhood and health and the subjectivity objectivity continuum in man environment research The studies apply a variety of social research methods and strategies relevant to the study of human interaction with its environment Collectively they serve as templates for direction in modern social science research methodology built on evidence based scientific inquiry of the built environment It can guide both young and seasoned researchers in considering appropriate responses to various social research problems including assessing various options in research process innovation A recurrent lesson from the individual studies and significant contribution of the volume is that each research endeavor needs to be based on a firm philosophical grounding as this goes a long way in determining the type of data to be collected and the ways that they are analysed and interpreted Taking a cross disciplinary perspective this edited collection should be of interest to scholars of geography anthropology sociology epidemiology urban planning architecture and above all environment behaviour studies **God's Image and Global Cultures** Kenneth Nehrbass, 2016-08-26 Globalization has raised numerous questions about theology and

culture for Christians How should we respond to outsourcing and immigration How does anti Western sentiment affect the proclamation of the gospel What is the role of the church in society This book argues that Christians will be most fulfilled and most effective if they embrace their cultural activity rather than feel ambivalent about it The central question of this book is how does bearing God s image relate to cultural activity Nehrbass explains that spheres of culture such as political technological and social structures are systems that God has instilled in humans as his image bearers so that they can glorify and enjoy him forever Therefore a theology of culture involves recognizing that the kingdom of God encompasses heaven and Earth rather than pitting heaven against Earth The text surveys anthropological explanations for humanity s dependence on culture and shows that each explanation provides only partial explanatory scope The most satisfying explanation is that a major functional aspect of bearing God s image is engaging in culture since the Trinity has been eternally engaged in cultural functions like ruling communicating and creating Each chapter contains a summary and questions about what it means to be a world changer in the twenty first century

Significant Others Monte Cox,2017-09-12 A generation ago most Americans had little or no contact with Muslims Hindus Buddhists or any other adherents of non Christian religions Now our culture is much more pluralistic In addition to these others many Westerners disenchanted with Christianity are more inclined than they were a generation ago to dabble in new spiritual alternatives that were not as readily available here before Many Christians feel intimidated by these changes Many Christians don t know how to engage their newest non Christian neighbors in conversation partly because they feel ignorant about the religions practiced by others *Significant Others* seeks to fill this knowledge gap so readers will become more acquainted with the religious backgrounds of devout non Christians they are meeting as well as with the growing number of American people who claim no religious affiliation at all Each chapter outlines the major world religions according to their significant founders or leading figures significant beliefs and practices significant sects and developments and significant points of contact and points of contrast with Christian faith

Miethe,2016-04-19 Dr Norman L Geisler has been called the father of evangelical Christian philosophy He has written more than one hundred books and taught at universities and top seminaries for some fifty six years He was the first president of the Evangelical Philosophical Society and the founder and first president of the International Society of Christian Apologetics He has spoken or debated in more than two dozen countries and held pastoral pulpit ministries in four states Many view him as a cross between Thomas Aquinas and Billy Graham No one has done more to communicate the modern challenges of the Faith to the average Christian to the church and to the academy This volume offers creative and constructive essays from twenty three contributors all notable in their own right who preserve and propagate Dr Geisler s ideas and express appreciation for his influence Those who know him best say he is true faithful and blessed by God

A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS Gabriel Aryeh,2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx

community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples Second this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood Finally the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors

Theology and Practice of Mission Bruce Riley Ashford, 2011-09-01 Theology disconnected from mission is not Christian theology at all The pastors professors and missionaries writing Theology and Practice of Mission provide a clear biblical theological framework for understanding the church's mission to the nations Toward that goal the book holds three major sections God's mission the church's mission and the church's mission to the nations Part one explores the canon of Christian Scripture from narrative and systematic angles explaining how the mission of God to redeem a people who will be a kingdom of priests to the praise of his glory bear witness to his gospel advance his church and dwell with him forever on a new heaven and earth is communicated in the Bible's four movements Creation Fall Redemption and Restoration Part two sees the mission of God's people in the light of God's mission emphasizing not only preaching and church planting but also gospel witness in every dimension of human culture glorifying God in family church work community through the arts sciences education business and the public square The writers encourage us to live missionally leaving all of our resources at God's disposal for the sake of his kingdom Finally part three contends that the North American church must come to terms

with its missional calling just as international missionaries do and gives a starting point and parameters for conceiving the church's mission to all people groups and cultural contexts. Chapters here include ones on unreached people groups, Muslims, Hindus, Buddhists, and Postmoderns.

Soul Whisperer Gary Comer, 2013-02-19 What if we changed the face of evangelism? In a time when so many have a negative perception of evangelism, what if a new model was entirely biblical, loaded with skills and more effective? *Soul Whisperer* shifts the emphasis from telling to a drawing paradigm. It develops biblically the pattern of Jesus, who did not give static presentations but rather customized his words to each hearer. By learning his ways, our words too can have pinpointed impact. Christians will discover how to draw out first in order to reach their friends and discern the relevant appeal of the gospel. In this way, the style is far more dynamic. It adapts. Understanding the non-believer's unique starting point will determine a distinct path. By creating a conversation about spiritual influence and what is involved in faith formation, this book charts ways for Christians to go deeper in evangelistic relationships. Most importantly, *Soul Whisperer* infuses skills that will shape a more Christ-like missional disciple.

[Can Evangelicals Learn from World Religions?](#) Gerald R. McDermott, 2000-08-15 More than ever before, Christians need to explain why they follow Jesus and not the Buddha or Confucius or Krishna or Muhammed. This evangelical theology of religions addresses the problem of truth and revelation and takes seriously the normative claims of other traditions. McDermott shows readers what Christians can learn from world religions without sacrificing the finality of Christ.

A Survey of World Missions Robin Hadaway, 2020-05-01 Robin Hadaway presents a full survey of world missions, addressing biblical, theological, and historical foundations as well as culture, context, philosophy, and missions strategy.

Bringing Good Even Out of Evil B. Kyle Keltz, 2022-11-01 The question of whether the existence of evil in the world is compatible with the existence of an all-knowing, all-powerful, all-good God has been debated for centuries. Many have addressed classical arguments from evil, and while recent scholarship in analytic philosophy of religion has produced newer formulations of the problem, most of these newer formulations rely on a conception of God that is not held by all theists. In *Bringing Good Even Out of Evil*, Thomism and the Problem of Evil, B. Kyle Keltz defends classical theism against contemporary problems of evil through the philosophy of Thomas Aquinas and his interpreters. Keltz discusses Aquinas's thought on God, evil, and what kind of world God would make, then turns to contemporary problems of evil and shows how they miss the mark when it comes to classical theism. Some of the newer formulations that the book considers include James Sterba's argument from the Pauline principle, J. L. Schellenberg's divine hiddenness argument, Stephen Law's evil god challenge, and Nick Trakakis's anti-theodicy.

Contextualization and the Old Testament Jerry Hwang, 2022-09-26 Christianity is often viewed in Asia as a Western imposition. Challenging this, Dr. Jerry Hwang examines the Old Testament's cultural engagement of its ancient Near Eastern context, arguing that Scripture itself provides the ultimate model for contextualizing theology in Asia. While it is common for missiological studies to ignore the Old Testament in their discussion of contextualization, truly biblical contextualization must include the whole Bible, not simply the New Testament. This study

provides insightful discourse between the Old Testament and various Asian contexts while demonstrating how Asian perspectives can help overcome the Eurocentrism prevalent in Old Testament scholarship This is an ideal resource for scholars and practitioners interested in a biblical perspective of contextualization especially as related to constructing theology that honors the truth of Scripture in the context of Asia DRS: An Intellectual Approach To Bible Study II Dr. Shi-Brone (Jake) Jacobs,2016-12-14 Dr Jacobs book provides a series of methods by which to objectively approach difficult Biblical topics Additionally it offers readers a perspective view held by many non Christians so that appropriate apologetic stances can be developed
