Before operating the unit, please read the manual thoroughly and retain it for future reference.

### Features

- This microphone is suitable for various variety of applications such as use as a speaker or microphone in digital recording equipment (Sony DCR-PC90).
- The Micro-Electro-Mechanical System (MEMS) sensor microphone can deliver high quality sound through wide range of tones.
- The three frequency response (left and right channels) can be set to 100% or 200% according to the microphone.

### Precautions

- The microphone should never be dropped or subjected to excessive shock.
- Keep the microphone away from extremely high temperature and humidity (above 80°C or 180°F).
- While using the microphone in the system, a floating object (dust) is likely to attach to the unit. If this happens, clean the microphone set for use possible from the back of the unit. Change the direction of the microphone to observe the quality of the sound for recording again.
