San Francisco, 2015 *Keeping Faith in Practice* James Sweeney, 2013-02-12 Keeping Faith in Practice is an addition to SCM's growing Practical and Pastoral Theology list. Most books in this field are written by authors from various Protestant backgrounds. Catholic teachers in this field are frequently asked by colleagues for suggestions of Catholic resources and find themselves at a loss. The central subject of this book is an exploration of how theology engages with the dimension of practice in the life of the Church and contemporary society and culture. The book covers the main focal points of a Catholic view of pastoral practical theology, its foundations and different fields. **Current Catalog** National Library of Medicine (U.S.), 1993 First multi-year cumulation covers six years 1965-70 **Recueil Des Cours, Collected Courses, 1951** Academie De Droit International De La Haye, 1968-12-01 The Academy is a prestigious international institution for the study and teaching of Public and Private International Law and related subjects. Segal, 2004-07-08 This book is not about myths but about approaches to myth from all of the major disciplines including science, religion, philosophy, literature, and psychology. The fate of the preternaturally beautiful Adonis is one of the main fables upon which Segal focuses in an attempt to analyse the various different theories of myth. Where the theory does not work, he substitutes another myth, showing that for all their claims to all-inclusiveness, certain theories in fact only apply to specific kinds of myths. A uniform set of questions is provided to elucidate both the strengths and the weaknesses of the conjectures. A survey of the past 300 years of theorizing on myth, this book takes into account the work of such prominent thinkers as Albert Camus, Claude Lévi-Strauss, Roland Barthes, C. G. Jung, and Sigmund Freud. Finally, Segal considers the future study of myth and the possible function of myth in the world as the adult equivalent of play.
