**Transparent Soil Modelling Technique and Its Application** Honghua Zhao,Gangqiang Kong,Wanghua Sui,2022-11-29 This book systematically introduces the advancement of transparent soil modelling technique and its application The transparent soil modelling technique provides an essential tool for visualizing soil structure interaction and other geotechnical problems such as grouting soil plugging The geotechnical properties of the newest transparent soils were reported on model sand clay and rock In addition more advanced image processing methods were summarized In this book numerous applications of transparent soil modelling techniques for different geotechnical problems were presented and the results obtained are supplemented by numerical calculation and theoretical analysis Mineral solubilizing microorganisms (MSM) and their applications in nutrient availability, weathering and bioremediation Muhammad Zahid Mumtaz,Maqshoof Ahmad,Hassan Etesami,Adnan Mustafa,2023-03-01 *South Africa and United Nations Peacekeeping Offensive Operations* Antonio Garcia,2018-08-17 The creation of the Force Intervention Brigade FIB as the sharp tactical edge of the United Nations Stabilisation Mission in the Democratic Republic of the Congo MONUSCO tasked with the neutralising of armed groups was a watershed moment in the history of modern peace missions What was more significant was that sub Saharan national leaders were instrumental in the creation of the FIB South Africa Tanzania and Malawi but lacked the resources to deploy such a force and consequently the brigade was deployed under the banner of the UN With the legacy of an African Renaissance and its role in the conception of the FIB South Africa remains a critical player in international peace and security in sub Saharan Africa and therefore holds a key strategic role in achieving the FIBs objectives This comes at a critical time where blue helmets are increasingly exposed to complex and challenging security contexts The aim of this work is to provide a conceptual model for South African military future operations and UN offensive peacekeeping operations In this undertaking a layer of military and Clausewitzian theory is added to offensive peacekeeping operations Furthermore there are sections on operational constructs capstone and operating concepts doctrine and structural elements as well a section on mine action This book contributes towards an understanding of the nature of modern strategy through the lens of UN offensive peacekeeping operations and provides insights into operational challenges **Applications of Geotechnical Mechanics in Underground Engineering** Chaojun Jia,Yun Jia,Sheng-Qi Yang,Mingfeng Lei,Chenghua Shi,Dongxing Wang,2022-10-17 **Government Identity Theft, Form #05.046** Sovereignty Education and Defense Ministry (SEDM),2020-02-06 This memorandum of law discusses and describes how government criminal identity theft occurs how it is concealed and protected how to prove it exists in a court of law and remedies to fight it Disclaimer <https://sedm.org/disclaimer.htm> For reasons why NONE of our materials may legally be censored and violate NO Google policies see [https://sedm.org/why\\_our\\_materials\\_cannot\\_legally\\_be\\_censored](https://sedm.org/why_our_materials_cannot_legally_be_censored) *Cross-Industry AI Applications* Paramasivan, P.,Rajest, S. Suman,Chinnusamy, Karthikeyan,Regin, R.,John Joseph, Ferdin Joe,2024-06-17 The rise of Artificial Intelligence AI amidst the

backdrop of a world that is changing at lightning speed presents a whole new set of challenges One of our biggest hurdles is more transparency in AI solutions It s a complex issue but one that we need to address if we want to ensure that the benefits of AI are accessible to everyone Across diverse sectors such as healthcare surveillance and human computer interaction the inability to understand and evaluate AI s decision making processes hinders progress and raises concerns about accountability Cross Industry AI Applications is a groundbreaking solution to illuminate the mysteries of AI driven human behavior analysis This pioneering book addresses the necessity of transparency and explainability in AI systems particularly in analyzing human behavior Compiling insights from leading experts and academics offers a comprehensive exploration of state of the art methodologies benchmarks and systems for understanding and predicting human behavior using AI Each chapter delves into novel approaches and real world applications from facial expressions to gesture recognition providing invaluable knowledge for scholars and professionals alike *Daily Graphic* Ransford Tetteh,2014-09-10 **Numerical**

**Methods and Implementation in Geotechnical Engineering - Part 1** Y.M. Cheng,J. H. Wang,L. Liang,W. H. Fung Ivan,2020-04-01 Numerical Methods and Implementation in Geotechnical Engineering explains several numerical methods that are used in geotechnical engineering The first part of this reference set includes methods such as the finite element method distinct element method discontinuous deformation analysis numerical manifold method smoothed particle hydrodynamics method material point method plasticity method limit equilibrium and limit analysis plasticity slope stability and foundation engineering optimization analysis and reliability analysis The authors have also presented different computer programs associated with the materials in this book which will be useful to students learning how to apply the models explained in the text into practical situations when designing structures in locations with specific soil and rock settings This reference book set is a suitable textbook primer for civil engineering students as it provides a basic introduction to different numerical methods classical and modern in comprehensive readable volumes **Proceedings of the 5th International**

**Conference on Geotechnics for Sustainable Infrastructure Development** Phung Duc Long,Nguyen Tien Dung,2024-07-10 This book presents 204 peer reviewed articles from the 5th International Conference on Geotechnics for Sustainable Infrastructure Development GEOTEC HANOI 2023 held on 14 15 Dec 2023 in Hanoi Vietnam The papers come from nearly 40 countries of the five different continents and are grouped into six conference themes 1 Deep Foundations 2 Tunnelling and Underground Spaces 3 Ground Improvement 4 Landslide and Erosion 5 Geotechnical Modelling and Monitoring and 6 Offshore Wind Power Optimized Genetic Programming Applications: Emerging Research and Opportunities Hrnjica, Bahrudin,Danandeh Mehr, Ali,2018-07-06 Data is more valuable than ever in the twenty first century and tremendous amounts of data are being generated every second With a fast growing information industry engineers are required to develop new tools and techniques that increase human capabilities of mining useful knowledge from the vast amounts of data Optimized Genetic Programming Applications Emerging Research and Opportunities is an essential

reference source that explores the concept of genetic programming and its role in managing engineering problems It also examines genetic programming as a supervised machine learning technique focusing on implementation and application As a resource that details both the theoretical aspects and implementation of genetic programming this book is a useful source for academicians biological engineers computer programmers scientists researchers and upper level students seeking the latest research on genetic programming

**Material and Energy Recovery from Solid Waste for a Circular Economy** Atun Roy Choudhury, Sankar Ganesh Palani, 2024-07-08 Material and Energy Recovery from Solid Waste for a Circular Economy describes solid waste to material and energy recovery to bridge the gap between theoretical possibilities and on field criticalities It deals with various resource recovery possibilities from numerous waste streams such as municipal solid hazardous waste human faecal sludge construction and demolition waste and electronic waste The practical issues of resource recovery and possible remedies derived through onsite practice and experience are incorporated It includes real life feasibility analysis and implementation of waste to energy systems supported by case studies Features Provides comprehensive discussion on both energy and material recovery Addresses the missing linkage between the techno commercial feasibility of existing systems and environmental impact Discusses techno commercial feasibility and environmental impacts Offers balance between theoretical knowledge sharing and practical execution related issues Includes case study LCA and technical feasibility chapters This book is aimed at graduate students and researchers in environmental civil and chemical engineering

Policing and Boundaries in a Violent Society Guy Lamb, 2022-01-31 This book explores how social and territorial boundaries have influenced the approaches and practices of the South Africa Police Service SAPS By means of a historical analysis of South Africa this book introduces a new concept police frontierism which illuminates the nature of the relationships between the police policing and boundaries and can potentially be used for future case study research Drawing on a wealth of research this book examines how social and territorial boundaries strongly influenced police practices and behaviour in South Africa and how social delineations amplify and distort existing police prejudices against those communities on the other side of the boundary Focusing on cases of high density police operations public order policing and the recent policing of the COVID 19 lockdown this book argues that poor economic conditions combined with an increased militarisation of the SAPS and a decline in public trust in the police will result in boundaries continuing to fundamentally inform police work in South Africa This book will be of interest to scholars and students interested in policing in post colonial societies characterised by high levels of violence as well as police work and police militarization

**Handbook of the Sociology of the Military** Giuseppe Caforio, Marina Nuciari, 2018-05-19 This new edition of the volume is presented on the wave of the success which had its first edition 2003 It is entirely updated to the current situation of the disciplines covered and expanded with particular regard to the new missions that have become the main challenge for the armed forces in these first decades of the new millennium with new insights to technological development toward so called cyborg warriors new forms of leadership and changes in soldier s identity and organisational culture It is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study Covered in this volume is a historical excursus of studies prior to contemporary research interpretive models and theoretical approaches developed specifically for this topic civic military relations including issues surrounding democratic control of the armed forces military culture professional training conditions and problems of minorities in the armed forces an examination of the structural change within the military over the years including new duties and functions following the Cold War

**Machine Learning Applications in Civil Engineering** Yasmin Murad, Husam Abu Hajar, Iftikhar Azim, 2022-12-16

**Military Social Work Around the Globe** Mary Ann Forgey, Karen Green-Hurdle, 2022-11-14 This is the first book to focus on the scope of social work practice within military settings from an international perspective and therefore addresses what has been a significant gap in the literature Given the critical support needs of military personnel and their families worldwide and the expanding role of social work in responding to these needs this book offers a comprehensive global understanding of the common military social work MilSW practices with active duty military service members and their families as well as the forms of practice and approaches that are unique or potentially transferable across nations Based on a systematic inquiry conducted by the Editors there are at least 25 countries that have social workers working directly within their country s military in either a civilian or uniformed capacity or both This book includes contributions from experts in Australia Canada Denmark Finland Ireland Israel the Netherlands New Zealand South Africa the UK and the USA who describe various aspects of the MilSW role within their country and the research that informs what

military social workers do The MilSW similarities and differences among these countries are highlighted including developmental milestones practice settings practice orientation and approach ethical dilemmas military to veteran transition support and past and current challenges Experts from countries that do not yet have MilSW but are interested in developing it Japan Ukraine or are in the process of establishing this area of practice Slovakia also contribute chapters about these developments and the evidence base that supports this direction Military Social Work Around the Globe is a valuable resource for social work programs and essential reading for instructors and students in MilSW electives and specializations It is also pertinent reading for occupational social work and international social work courses In addition this book is an important source of information for military social workers who would like to gain insights into existing programs and the possibilities for international collaboration and for countries interested in developing MilSW Sustainable Earth and Beyond Yeliz Yukselen-Aksoy, Krishna R. Reddy, Arvind Kumar Agnihotri, 2023-07-31 This book presents select proceedings of the Third International Conference on Environmental Geotechnology Recycled Waste Materials and Sustainable Engineering EGRWSE 2022 It covers state of the art research on environmental geotechnology sustainability and use of recycled waste materials for civil infrastructure along with latest accomplishments trends concerns innovations practical challenges encountered and the solutions adopted in this field Given the contents this book is useful for researchers engineers and professionals working in the areas of geoenvironmental engineering waste management and sustainable engineering and associated fields Computational Fluid Dynamics Adela Ionescu, 2018-02-14 This book is the result of a careful selection of contributors in the field of CFD It is divided into three sections according to the purpose and approaches used in the development of the contributions The first section describes the high performance computing HPC tools and their impact on CFD modeling The second section is dedicated to CFD models for local and large scale industrial phenomena Two types of approaches are basically contained here one concerns the adaptation from global to local scale e g the applications of CFD to study the climate changes and the adaptations to local scale The second approach very challenging is the multiscale analysis The third section is devoted to CFD in numerical modeling approach for experimental cases Its chapters emphasize on the numerical approach of the mathematical models associated to few experimental industrial cases Here the impact and the importance of the mathematical modeling in CFD are focused on It is expected that the collection of these chapters will enrich the state of the art in the CFD domain and its applications in a lot of fields This collection proves that CFD is a highly interdisciplinary research area which lies at the interface of physics engineering applied mathematics and computer science

Numerical Methods and Implementation in Geotechnical Engineering - Part 2 Y.M. Cheng, J. H. Wang, L. Liang, W. H. Fung Ivan, 2020-04-20 Numerical Methods and Implementation in Geotechnical Engineering explains several numerical methods that are used in geotechnical engineering The second part of this reference set includes more information on the distinct element method geotechnical optimization analysis and reliability analysis Information about relevant additional

numerical methods is also provided in each chapter with problems where applicable The authors have also presented different computer programs associated with the materials in this book set which will be useful to students learning how to apply the models explained in the text into practical situations when designing structures in locations with specific soil and rock settings This reference book set is a suitable textbook primer for civil engineering students as it provides a basic introduction to different numerical methods classical and modern in comprehensive readable volumes

**Silencing the Guns in Africa** Antonio Garcia, Jacob Udo-Udo Jacob, 2025-03-14 The scholarship of this book is drawn from local and international experts by framing critically a number of discourses on matters of security conflict violence and peace on the African continent It is indeed a breath of fresh air to the scientific community largely because it contributes to the on going debates on security issues Dr Ntsikelelo Benjamin Breakfast Director of the Center for Security Peace and Conflict Resolution at Nelson Mandela University This book makes a deep contribution to scholarly literature on conflict studies peacekeeping and peacebuilding in Africa Written largely from the perspective of the applied social sciences it is empirically rich and offers refreshing insights into social behaviour in military contexts This is a timely contribution because current public discourse in South Africa is centred on the gains and missed opportunities of thirty years of democracy and new lenses are welcome Many of the chapters reflect South African experiences This is to be welcomed as it demonstrates that scholars and practitioners from the country are reflecting on the complexities of South African experiences of defence and security matters in contemporary times Dr Sandy Africa Director of Research at Mapungubwe Institute for Strategic Reflection MISTRA This volume brings together the voices of scholars and practitioners a diverse group of writers who are passionate about and committed to creating a safer more prosperous and peaceful Africa Each with their own specialism this work combines many different world views and approaches Conflict in Africa is an impossibly broad topic to cover in a single edited publication and so we focus on a select number of case studies expositions and themes
