Robert Mugabe the country's dictator for 30 years has finally lost an election Mugabe's tenure has left Zimbabwe with the world's highest rate of inflation and the shortest life span Instead of conceding power Mugabe launched a brutal campaign of terror against his own citizens With foreign correspondents banned and he himself there illegally Godwin was one of the few observers to bear witness to this period the locals call The Fear He saw torture bases and the burning villages but was most awed as an observer of not only simple acts of kindness but also churchmen and diplomats putting their own lives on the line to try to stop the carnage The Fear is a book about the astonishing courage and resilience of a people armed with nothing but a desire to be free who challenged a violent dictatorship It is also the deeply personal and ultimately uplifting story of a man trying to make sense of the country he can't recognize as home Marathon Wheeler Heather S.
