Notes:

- These are design specifications that may vary due to manufacturing tolerances.
- Lie angle is based on Black Color Code at standard length.
- Power Spec Loft is a fitting option for players looking to boost their iron distance or decrease spin to hit a desired trajectory window. The Power Spec is a custom-designed loft configuration that delivers a power boost in a calculated fashion without sacrificing the integrity of the club's design.
- Club bounce angles will vary slightly if ordered with non-standard loft specs.
- Standard swingweights for graphite-shafted clubs are 1 to 2 points lighter than shown, depending on shaft flex.
- Achievable swingweights depend on shaft, length and grip combinations.
