Alliances Ard-Pieter de Man, 2014-02-10 A timely and practical guide that helps senior managers design successful strategic partnerships. Strategic alliances are increasingly common among modern corporations and a hot topic in today's business schools. *Alliance* is a sophisticated guide to crafting successful partnerships offering a combination of carefully designed checklists, up-to-date examples and scenarios from around the world and the tools needed to ensure that all elements of an alliance are taken into account and fully assessed. Most managers don't have the experience or knowledge to create a functional alliance governance structure. This book fills that knowledge gap with a clear description of the proper implementation process. Ideal for business leaders engaged in building a corporate alliance and business school students. Covers all of the available alliance structure, describes the building blocks of alliance design and defines an effective process for managers constructing alliances. Written by a leading expert on the subject who is a member of the Board of Directors of the Association of Strategic Alliance Professionals. As the popularity and frequency of corporate strategic alliances grows, *Alliance* gives business leaders the insight and practical advice they need to ensure their partnerships benefit all parties.

The Strategic Alliance Handbook Mike Nevin, 2016-03-03 Strategic alliances offer organisations an alternative to organic growth or acquisition when faced with the need to develop the business to a new level, innovate in terms of products or services or significantly reduce costs. *The Strategic Alliance Handbook* is a clear and complete guide to the nuts and bolts of the process behind successful collaborations. The book enables readers to understand the commercial, technical, strategic, cultural and operational logic behind any alliance and to establish an approach that is appropriate for the type of alliance they are seeking and the partner organisation(s) with whom they are working. Whether you are an alliance executive

responsible for the systems strategy and performance of your organisation's alliancing programme or an alliance manager needing to ensure the success of a given partnership The Strategic Alliance Handbook is an essential guide *Lead the Work* John W. Boudreau, Ravin Jesuthasan, David Creelman, 2015-07-10 A detailed look at the evolution of employment and its far reaching implications *Lead the Work* takes an incisive look at the evolving nature of work and how it's affecting management and productivity at the organizational level Where getting things done once meant assigning it to an employee today's leaders are increasingly at risk if they fail to recognize that talent can float into and out of an organization Long term employment has given way to medium or short term employment marking the first step in severing the bond that once fixed an individual inside an organization Getting work done by means other than an employee was once considered a fringe event but now leading organizations are accepting and taking advantage of the notion that talent has shown itself to be mutable This book explores this phenomenon in detail and provides a new roadmap to help managers navigate this new environment The workplace has undergone many changes over the years but the emerging trend away from traditional employment represents a massive shift that has profound implications for the business model of every organization large or small This book describes how management is changing and how managers must adapt to survive Examine the dispersed organization and the changing nature of employment Learn how work is becoming impermanent and individualized Find new strategies for managing and leading Get up to speed on the decision science for the new era Workplaces evolve like biological beings only the strong survive and it's the competitive edge that ensures continued success *Lead the Work* describes the new landscape and shows you how to adapt and thrive **The Advertising Red Books** ,2008-04 **Food & Wine** ,2006
