A World of Work Ilana M. Gershon, 2015-11-25 Ever wondered what it would be like to be a street magician in Paris A fish farmer in Norway A costume designer in Bollywood This playful and accessible look at different types of work around the world delivers a wealth of information and advice about a wide array of jobs and professions The value of this book is twofold For young people or middle aged people who are undecided about their career paths and feel constrained in their choices A World of Work offers an expansive vision For ethnographers this book offers an excellent example of using the practical details of everyday life to

shed light on larger structural issues Each chapter in this collection of ethnographic fiction could be considered a job manual Yet not any typical job manual to do justice to the ways details about jobs are conveyed in culturally specific ways the authors adopt a range of voices and perspectives One chapter is written as though it was a letter from an older sister counseling her brother on how to be a doctor in Malawi Another is framed as a eulogy for a well loved village magistrate in Papua New Guinea who may have been killed by sorcery Beneath the novelty of the examples are some serious messages that Ilana Gershon highlights in her introduction These ethnographies reveal the connection between work and culture the impact of societal values on the conditions of employment Readers will be surprised at how much they can learn about an entire culture by being given the chance to understand just one occupation *Our Journey to Sustainability* Jon R.

works for most of the world's people Gordon Mathews's intimate portrayal of the building's polyethnic residents lays bare their intricate connections to the international circulation of goods money and ideas We come to understand the day to day realities of globalization through the stories of entrepreneurs from Africa carting cell phones in their luggage to sell back home and temporary workers from South Asia struggling to earn money to bring to their families And we see that this so called ghetto which inspires fear in many of Hong Kong's other residents despite its low crime rate is not a place of darkness and desperation but a beacon of hope Gordon Mathews's compendium of riveting stories enthralls and instructs in equal measure making Ghetto at the Center of the World not just a fascinating tour of a singular place but also a peek into the future of life on our shrinking planet **The Reform Advocate** ,1921 Everyday Life in Global Morocco Rachel

Newcomb,2017-10-09 Following the story of one middle class family as they work eat love and grow Everyday Life in Global Morocco provides a moving and engaging exploration of how world issues impact lives Rachel Newcomb shows how larger issues like gentrification changing diets and nontraditional approaches to marriage and fertility are changing what the everyday looks and feels like in Morocco Newcomb's close engagement with the Benjelloun family presents a broad range of responses to the multifaceted effects of globalization The lived experience of the modern family is placed in contrast with the traditional expectation of how this family should operate This juxtaposition encourages new ways of thinking about how modern the notion of globalization really is **FCC Record** United States.
