production Finally understand the critical keys to success based on the authors four years of experience helping companies implement PeopleSoft The Project Manager's Guide to Making Successful Decisions Robert A. Powell,2008-12 Make Better Decisions While Managing Projects Decision making is critical in project management Lack of decision making knowledge avoidable mistakes and improper definitions can negatively impact your company s ability to generate profit The Project Manager s Guide to Making Successful Decisions is a practical handbook that focuses on the significance of project decision making skills that will all you to reach workable and effective results This valuable resource highlights numerous decisions necessary to support the project management life cycle presents various techniques that facilitate the decision making process provides an overview of decision analysis as it relates to project management and much more Understand different types of decision making processes and cycles Recognize how to frame the decision and gather better information Define alternatives and assessments to make the right decision Analyze short case studies demonstrating project decision making success *The Project Manager's Guide to Making Successful Decisions* Robert A. Powell PhD,Dennis M. Buede PhD,2008-12-01 Make Better Decisions While Managing Projects Decision making is critical in project management Lack of decision making knowledge avoidable mistakes and improper definitions can negatively impact your company s ability to generate profit The Project Manager s Guide to Making Successful Decisions is a practical handbook that focuses on the significance of project decision making skills that will all you to reach workable and effective results This valuable resource highlights numerous decisions necessary to support the project management life cycle presents various techniques that facilitate the decision making process provides an overview of decision analysis as it relates to project management and much more Understand different types of decision making processes and cycles Recognize how to frame the decision and gather better information Define alternatives and assessments to make the right decision Analyze short case studies demonstrating project decision making success *Introduction to e-Supply Chain Management* David Frederick

Ross,2002-12-17 In the quest to remove supply channel costs streamline channel communications and link customers to the value added resources found along the supply chain continuum Supply Chain Management SCM has emerged as a tactical operations tool The first book to completely define the architecture of the merger of SCM and the Internet Introduction to e

Practical Human Resource Information Systems SATISH K. BAGDI,2012-05-09 Practical Guide to Human Resource Information Systems HRIS is a comprehensive presentation on global HRIS implementations and the associated challenges faced in such global projects It begins with the basic HR and IT concepts and guides the readers through the complete life cycle of HRIS applications spanning from planning to execution Both HR and IT play an equal role in the development of HRIS applications This book will help students from both HR and IT streams in assimilating the intricacies of implementation of HRIS projects HR is one of the most popular ERP product implementation topics in today s business world Its implementation needs a practical discussion using examples from real world The examples the case study and discussions in

the book follow an international approach rather than discussing only a single country HRIS implementations A real life case study that flows through various chapters of the book brings out challenges in the implementation of HR specific projects In today s global economy HR is changing fast and dives into areas such as strategy outsourcing mergers and acquisitions M A This book covers all these areas and other topics that are relevant to today s HR world providing more value to the readers It provides illustrations to assist readers in visualizing the topics discussed and in developing a sound understanding of the integration and data aspects of HRIS systems This book will be useful as a text for a course in HRIS wherever prescribed for the MBA HR and MBA IT students The book encourages self directed study and thought process based on references provided at the end of each chapter and hence will also be useful to consultants HR professionals and IT professionals working with HR departments

A Guide to the National Initiative for Cybersecurity Education (NICE) Cybersecurity Workforce Framework (2.0) Dan Shoemaker, Anne Kohnke, Ken Sigler, 2018-09-03 A Guide to the National Initiative for Cybersecurity Education NICE Cybersecurity Workforce Framework 2 0 presents a comprehensive discussion of the tasks knowledge skill and ability KSA requirements of the NICE Cybersecurity Workforce Framework 2 0 It discusses in detail the relationship between the NICE framework and the NIST s cybersecurity framework CSF showing how the NICE model specifies what the particular specialty areas of the workforce should be doing in order to ensure that the CSF s identification protection defense response or recovery functions are being carried out properly The authors construct a detailed picture of the proper organization and conduct of a strategic infrastructure security operation describing how these two frameworks provide an explicit definition of the field of cybersecurity The book is unique in that it is based on well accepted standard recommendations rather than presumed expertise It is the first book to align with and explain the requirements of a national level initiative to standardize the study of information security Moreover it contains knowledge elements that represent the first fully validated and authoritative body of knowledge BOK in cybersecurity The book is divided into two parts The first part is comprised of three chapters that give you a comprehensive understanding of the structure and intent of the NICE model its various elements and their detailed contents The second part contains seven chapters that introduce you to each knowledge area individually Together these parts help you build a comprehensive understanding of how to organize and execute a cybersecurity workforce definition using standard best practice

Innovation and Future of Enterprise Information Systems Felix Piazzolo, Michael Felderer, 2013-05-15 This volume presents the revised and peer reviewed contributions of the ERP Future 2012 conference held in Salzburg Austria on November 11th 12th 2012 The conference is a platform for research in ERP systems and closely related topics like business processes business intelligence and enterprise information systems in general To master the challenges of ERP comprehensively the ERP Future 2012 Research conference accepted contributions both with a business focus as well as with an IT focus to consider enterprise resource planning from various viewpoints This combination of business and IT

aspects is a unique characteristic of the conference and of this volume that resulted in valuable contributions with high practical impact

The Complete Guide to Sales Force Incentive Compensation Andris A. Zoltners, Prabhakant Sinha, Sally E. Lorimer, 2006 Designing an incentive plan to turn sales reps into sales superstars If you're like most sales leaders your incentive program is a constant challenge as you try to jumpstart sales energize a geographically dispersed and autonomous workforce and motivate salespeople to achieve ambitious revenue goals And sometimes it seems like you just don't know what works your products and markets are changing the incentive program that was so successful last year no longer produces the desired results or perhaps the generous incentive program you created has yielded a corps of highly paid salespeople who spend most of their time on existing clients and minimal time generating new business and threaten to walk away with your customer base if you scale back paychecks Incentive programs are seductively powerful but complicated instruments Without careful planning and implementation they can be too stingy to motivate too complex to understand too quick to reward mediocre results and too difficult to implement But a well designed and implemented incentive program is an essential tool for building a motivated highly effective sales force that delivers the results you need The Complete Guide to Sales Force Incentive Compensation is a practical accessible detailed roadmap to building a compensation system that gets it right by creating motivating incentives that produce positive outcomes Packed with hundreds of real life examples of what works and what doesn't this important guide helps you Understand the value of building an incentive plan that is aligned with your company's goals and culture Avoid the common trap of overusing incentives to solve too many sales management problems Measure the effectiveness of your current incentive program employing easy to use tools and metrics for pinpointing its weak spots Design a compensation plan that attracts and retains successful salespeople including guidelines for determining the correct pay level the best salary incentive mix the proper performance measures and the right performance payout relationship Select an incentive compensation plan that works for your organization then test the plan before it is launched Set territory level goals that are fair and realistic and avoid overpaying the sales force because goals are too easy or demoralizing salespeople by having goals that are too difficult or not fairly assigned Create and manage sales contests SPIFFs Special Performance Incentive for Field Force and recognition programs that consistently deliver the intended results Manage a successful transition to a new compensation plan and build efficient administration systems to support your plan Every year corporations spend 200 billion compensating their sales forces with extremely mixed results Make sure every dollar you spend is helping to achieve your goal of creating an empowered effective sales force that drives your company's success Packed with ready to use formulas and assessment tools and a wealth of insights from frontline sales managers and executives The Complete Guide to Sales Force Incentive Compensation is your hands on easy to read playbook for crucially important decisions
