image is an ever present possibility when once it was difficult if not impossible What are the key moments in the genealogy of the Western image which might illuminate the present status of the image And what exactly is the situation to which we have arrived as far as the image is concerned These are the questions guiding the reflections in this book In it we move in Part 1 from a study of the Greek to the Byzantine image from the Renaissance image and the image in the Enlightenment to the image as it emerges in the Industrial Revolution Part 2 examines key aspects of the image today such as the digital and the cinema image as well as the work of philosophers of the image including Roland Barthes Walter Benjamin Gilles Deleuze Jean Paul Sartre and Bernard Stiegler
