

Industry Insight on Adherence to the Code

External Verification Guidance

As of January 1, 2009, the revised PhRMA Code states that all companies (PhRMA members and non-members) that interact with HCPs about pharmaceuticals should adopt procedures to assure adherence to the Code including its 15 sections regarding various aspects of pharmaceutical company interactions with HCPs.

The PhRMA Code encourages member companies to seek external verification periodically – ideally at least once every three years – to evaluate whether the company has policies, procedures, or guidelines in place to foster compliance with the Code.

In May 2012, PhRMA published external verification guidelines that outline the organization's expectations as they relate to confirmation of a company's compliance with the Code.
