**Aleksandar Trklja, Łukasz Grabowski**

## **Phraseology And Culture In English:**

**Phraseology and Culture in English** Paul Skandera, 2008-08-22 The proposition that there is a correlation between language and culture or culture specific ways of thinking can be traced back to the views of Herder and von Humboldt in the late 18th and early 19th centuries It is generally accepted today that a language especially its lexicon influences its speakers cultural patterns of thought and perception in various ways for example through a culture specific segmentation of the extralinguistic reality the frequency of occurrence of particular lexical items or the existence of keywords or key word combinations revealing core cultural values The aim of this volume is to explore the cultural dimension of a wide range of preconstructed or semi preconstructed word combinations in English The 17 papers of the volume are divided into four sections focusing on particular lexemes e g enjoy and its collocates types of word combinations e g proverbs and similes use related varieties such as the language of tourism or answering machine messages and user related varieties such as Aboriginal English or African English The sections are preceded by a prologue tracing the development of the study of formulaic language and followed by an epilogue which draws together the threads laid out in the various papers The relation between language and culture in general has been explored in a number of important works over the past ten years However the study of the relation between English phraseology and culture in particular has been largely neglected This volume is the first book length publication devoted entirely to this topic Cultural Linguistics and World Englishes Marzieh

Sadeghpour, Farzad Sharifian, 2020-12-04 This book investigates the study of World Englishes from the perspective of Cultural Linguistics a theoretical and analytical framework for cultural cognition cultural conceptualisations and language that employs and expands on the analytical tools and theoretical advancements in a number of disciplines including cognitive psychology science anthropology distributed cognition and complexity science The field of World Englishes has long focused on the sociolinguistic and applied linguistic study of varieties of English Cultural Linguistics is now opening a new venue for research on World Englishes by exploring cultural conceptualisations underlying different varieties of English The book explores ways in which the analytical framework of Cultural Linguistics may be employed to study varieties of English around the globe Phraseology Sylviane Granger, Fanny Meunier, 2008-06-01 Long regarded as a peripheral issue phraseology is now taking centre stage in a wide range of fields This recent explosion of interest undoubtedly has a great deal to do with the development of corpus linguistics research which has both demonstrated the key role of phraseological expressions in language and provided researchers with automated methods of extraction and analysis The aim of this volume is to take stock of current research in phraseology from a variety of perspectives theoretical descriptive contrastive cultural lexicographic and computational It contains overview chapters by leading experts in the field and a series of case studies focusing on a wide range of multiword units collocations similes idioms routine formulae and recurrent phrases The volume is an invitation for experienced phraseologists to look at the field with different eyes and a useful introduction for the many

researchers who are intrigued by phraseology but need help in finding their way in this rich but complex domain

**A Cross-linguistic and Cross-cultural Analysis of English and Slovene Onomastic Phraseological Units** Alenka Vrbinč, 2019-04-03 The book investigates English and Slovene onomastic phraseological units PUs and is based on two databases containing English and Slovene PUs with anthroponyms toponyms and their derivatives These databases were created using monolingual English and Slovene phraseological dictionaries The volume provides in depth cross linguistic and cross cultural research into this segment of phraseology and represents the most extensive treatment of any contrastive topic involving Slovene and a foreign language As such it will serve to be a useful source of information for scholars of Slavonic and other languages as well as anyone interested in phraseology cultural specificity etymology translation equivalence and the stereotypical use of ethnonyms

**Metaphor and Intercultural Communication** Andreas Musolff, Fiona MacArthur, Giulio Pagani, 2014-05-20 Metaphor and Intercultural Communication examines in detail the dynamics of metaphor in interlingual contact translation and globalization processes Its case studies which combine methods of cognitive metaphor theory with those of corpus based and discourse oriented research cover contact linguistic and cultural contacts between Chinese English including Translational English and Aboriginal English Greek Kabyle Romanian Russian Serbian and Spanish Part I introduces readers to practical and methodological problems of the intercultural transfer of metaphor through empirical corpus based and experimental studies of translators experiences and strategies in dealing with figurative language in a variety of contexts Part II explores the universality relativity dimension of cross and intercultural metaphor on the basis of empirical data from various European and non European cultures Part III investigates the socio economic and political consequences of figurative language use through case studies of communication between aboriginal and mainstream cultures in the media in political discourse and gender related discourses Special attention is paid to cases of miscommunication and of deliberate re and counter conceptualisation of clichés from one culture into another The results open new perspectives on some of the basic assumptions of the classic cognitive paradigm e g regarding metaphor understanding linguistic relativity and concept construction

*Advances in Cultural Linguistics* Farzad Sharifian, 2017-05-02 This groundbreaking collection represents the broad scope of cutting edge research in Cultural Linguistics a burgeoning field of interdisciplinary inquiry into the relationships between language and cultural cognition The materials surveyed in its chapters demonstrate how cultural conceptualisations encoded in language relate to all aspects of human life from emotion and embodiment to kinship religion marriage and politics even the understanding of life and death Cultural Linguistics draws on cognitive science complexity science and distributed cognition among other disciplines to strengthen its theoretical and analytical base The tools it has developed have worked toward insightful investigations into the cultural grounding of language in numerous applied domains including World Englishes cross cultural intercultural pragmatics intercultural communication Teaching English as an International Language TEIL and political discourse analysis

**Applied Cultural Linguistics** Farzad Sharifian, Gary B. Palmer, 2007-04-11 Research in the relatively new field of cultural linguistics has implications for second language learning and intercultural communication This volume is the first of its kind to bring together studies that examine the implications for applied programs of research in these domains Collectively the contributions explore the interrelationship between language culture and conceptualisations Each study focuses on a different language and culture The languages cultures studied include Japanese Chinese Arabic Persian English Aboriginal English and African English The particular conceptual bases of the contributions range from theories of embodiment and conceptual metaphors to theories of schemas and cultural scripts Several authors directly address the application of their observations to the fields of second language dialect learning and intercultural communication while others first present a theoretical analysis and then explore its practical implications Collectively the contributions establish a novel direction for research in applied linguistics

**The Routledge Handbook of World Englishes** Andy Kirkpatrick, 2020-12-31 The Routledge Handbook of World Englishes constitutes a comprehensive introduction to the study of World Englishes Split into six sections with 40 contributions this Handbook discusses how English is operating in a wide range of fields from business to popular culture and from education to new literatures in English and its increasing role as an international lingua franca Bringing together more than 40 of the world's leading scholars in World Englishes the sections cover historical perspectives regional varieties of English from across the world recent and emerging trends and the pedagogical implications and the future of Englishes The Handbook provides a thorough and updated overview of the field taking into account the new directions in which the discipline is heading This second edition includes up to date descriptions of a wide range of varieties of English and how these reflect the cultures of their new users including new chapters on varieties in Bangladesh Uganda the Maldives and South Africa as well as covering hot topics such as translanguaging and English after Brexit With a new substantial introduction from the editor the Handbook is an ideal resource for students of applied linguistics as well as those in related degrees such as applied English language and TESOL TEFL

English Dictionaries as Cultural Mines Roberto Facchinetti, 2012-11-16 Dictionaries are mines whose word gems encapsulate centuries of language history and cultural traditions they are store houses of meanings and uses lamp genies to be set free at the very moment readers set their eyes on their entries This book is an attempt to free such lamp genies by discussing the role of dictionaries in the identification and expression of cultural aspects in language with special reference to English As such its eleven chapters have been arranged to focus on general genre specific monolingual and bilingual lexicography both from a diachronic and a synchronic perspective The book will be of use to lexicographers and lexicologists as well as to corpus linguists historical and contemporary English scholars students of English and anybody interested in the juice of culture's that can be fruitfully extracted from dictionary entries

Formulaic Language and New Data Elisabeth Piirainen, Natalia Filatkina, Sören Stumpf, Christian Pfeiffer, 2020-01-20 The existence of formulaic patterns has been attested

to all languages of the world However systematic research in this field has been focused on only a few European standard languages with a rich literary tradition and a high degree of written norm It was on the basis of these data that the theoretical framework and methodological approaches were developed The volume shifts this focus by centering the investigation on new data including data from lesser used languages and dialects extra european languages linguistic varieties mostly used in spoken domains as well as at previous historical stages of language development Their inclusion challenges the existing postulates at both a theoretical and methodological level Areas of interest include the following questions What is formulaic in these types of languages varieties and dialects Are the criteria developed within the framework of phraseological research applicable to new data Can any specific types of formulaic patterns and or any specific features of regular already known types of formulaic patterns be observed and how do they emerge What methodological difficulties need to be overcome when dealing with new data

**The Routledge Handbook of Language and Intercultural Communication** Jane Jackson, 2012-03-15 The Routledge Handbook of Language and Intercultural Communication constitutes a comprehensive introduction to the multidisciplinary field of intercultural communication drawing on the expertise of leading scholars from diverse backgrounds The Handbook is structured in five sections and covers historical perspectives core issues and topics and new debates in the field with a particular focus on the language dimension Among the key themes addressed are the foundation of intercultural communication core themes and issues putting intercultural communication theory into practice new debates and future directions The Handbook includes an introduction and overview by the editor which provides readers with an indication of the focus of each section and chapter The Routledge Handbook of Language and Intercultural Communication is the ideal resource for advanced undergraduates and postgraduate students of applied linguistics TESOL TEFL and communication studies

*Twenty Years of Learner Corpus Research. Looking Back, Moving Ahead* Sylviane Granger, Gaëtanelle Gilquin, Fanny Meunier, 2013-06-21 This proceedings volume covers issues of learner corpus design collection and annotation and contains reports on various aspects of written and spoken learner interlanguage as well as design of learner corpus informed tools

**Words and Meanings** Cliff Goddard, Anna Wierzbicka, 2014 This book presents cross linguistic and cross cultural investigations of word meaning from different domains of the lexicon concrete abstract physical sensory emotional and social The words they consider are complex culturally important and basic in a range of languages that includes English Russian Polish French Warlpiri and Malay

**All that the Prophets Have Declared** Matthew R Malcolm, 2015-02-01 Jesus and the New Testament writers use their Scriptures in ways that may seem foreign to those who use those same Scriptures today This volume considers how the identities and missions of Jesus and his earliest followers were informed by their surprising readings of the Scriptures

Contents Larry Hurtado Core OT texts and their Christological Interpretation Ian Malcolm Roland Deines Scripture and Jesus Donald West Acts 4 and Prayer Ben Sutton Acts 10 and Peter Mark Seifrid Scripture and Paul Lionel Windsor Seed Many One

in Galatians Martin Foord Psalm 68 in Ephesians Mark Keown Scripture in Philippians Allan Chapple Scripture and 1 Peter Matthew Malcolm Triadic Figures in Hebrews Rory Shiner Reading the New Testament from the Outside The Languages and Linguistics of Australia Harold Koch, Rachel Nordlinger, 2014-08-19 The Languages and Linguistics of Australia A Comprehensive Guide is part of the multi volume reference work on the languages and linguistics of the continents of the world The volume provides a thorough overview of Australian languages including their linguistic structures their genetic relationships and issues of language maintenance and revitalisation Australian English Aboriginal English and other contact varieties are also discussed *Cultural Conceptualisations and Language* Farzad Sharifian, 2011 Presents a multidisciplinary theoretical model of cultural conceptualisations and language which draws on analytical tools and theoretical advancements in several disciplines including cognitive linguistics cognitive anthropology anthropological linguistics distributed cognition complexity science and cognitive psychology *A Life in Linguistics* Gabriela Alboiu, Daniela Isac, Alexandru Nicolae, 2022-01-01 Alexandra Cornilescu is an internationally renowned linguist whose pioneering ideas have been influential in developing generative grammar in Romania Europe and beyond The weightiness of her contributions to the field is matched only by her talent for disseminating them Ever since 1970 when she started teaching at the University of Bucharest she has continuously played a tireless and inspirational role in the creation of several generations of linguists which the academic world has come to admiringly refer to as The Bucharest School As the initiator of the AICED conference held annually in the English Department at the University of Bucharest she has turned it into one of the leading platforms of generative linguistics in Europe She has published extensively on Romanian and English linguistics and is also the founder and past editor of the journal Bucharest Working Papers in Linguistics On the occasion of her 75th birthday her friends students and colleagues celebrate Alexandra Cornilescu's work with this collection of essays on various topics of current theoretical interest **Formulaic Language and Linguistic Change** Andreas Buerki, 2020-04-16 Using rigorous data led methods the book analyses formulaic language from the angle of historical linguistics revealing key new insights *Cultural Linguistics and (Re)conceptualized Tradition* Judit Baranyiné Kóczy, Veronika Szelid, 2024-12-16 This book offers a cutting edge compilation of studies on re conceptualized traditions in a wide variety of discourses such as the language of emotion folklore religion and morality the natural environment idioms and proverbs It also raises complex theoretical and methodological questions regarding the cultural cognitive linguistic approach to metaphors and figurative language embodiment diachronic and corpus linguistics and pragmatics The languages under scrutiny range from well documented to minority varieties and even to endangered languages and dialects Building from the assertion that cultural conceptualizations are rendered as manifestations of the interplay between language culture and the collective cognition of communities as handed down from generation to generation this edited book discovers and rebuilds traditional cultural cognition Employing analytical tools provided by the cultural cognitive linguistic framework the authors investigate how the

field is being revitalized and renegotiated in present day cultural contexts and how it contributes to shaping our contemporary understanding of the world It is useful for academics and students interested in cultural and cognitive linguistics ethnosemantics sociolinguistics pragmatics applied linguistics linguistic anthropology and religious studies Chapter 7 is available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)

**Formulaic language** Aleksandar Trklja, Łukasz Grabowski, 2021 The notion of formulaicity has received increasing attention in disciplines and areas as diverse as linguistics literary studies art theory and art history In recent years linguistic studies of formulaicity have been flourishing and the very notion of formulaicity has been approached from various methodological and theoretical perspectives and with various purposes in mind The linguistic approach to formulaicity is still in a state of rapid development and the objective of the current volume is to present the current explorations in the field Papers collected in the volume make numerous suggestions for further development of the field and they are arranged into three complementary parts The first part with three chapters presents new theoretical and methodological insights as well as their practical application in the development of custom designed software tools for identification and exploration of formulaic language in texts Two papers in the second part explore formulaic language in the context of language learning Finally the third part with three chapters showcases descriptive research on formulaic language conducted primarily from the perspectives of corpus linguistics and translation studies The volume will be of interest to anyone involved in the study of formulaic language either from a theoretical or a practical perspective
