Money Method and Mindset Bharat Jhunjhunwala,2024-05-27 My journey into the world of stock markets particularly technical analysis was a whirlwind of information I devoured over 500 books by various authors and attended countless seminars and webinars Yet a nagging frustration persisted a lack of simplicity My early forays were plagued by jargon an overwhelming array of tools and complex methodologies Half the battle was deciphering the language itself As I delved deeper a revelation struck me the market is ultimately driven by human psychology It s about understanding the movements fueled by emotions This led me to focus on price and trend analysis free from jargon Instead of naming the phenomenon I prioritized comprehending what the price itself was telling me Similarly risk management often felt like deciphering arcane math problems Many resources convoluted the concepts making them unnecessarily complex Here I ve strived for clarity and practicality Finally there s the often touted mindset training In my experience it s sometimes a buzzword more than a necessity However there are a few key principles that shape a trader s mindset and I ve included those essential pointers without requiring a course in brain anatomy This book is a culmination of my ongoing learning journey in the markets It s a testament to the power of understanding over theoretical definitions My aim is to provide a jargon free math light experience with a dose of mindfulness that doesn t require a deep dive into brain function Welcome aboard I hope this book earns a cherished spot in your trading library

How to Become a Millionaire Day Trader (Start with 2 Million) Sankar Srinivasan,2025-07-08 Are you ready to risk it all in the most glorious way possible Step into the high stakes world of day trading where YOLO is a strategy Reddit is a research tool and 100x leverage is just Monday morning In *How to Become a Millionaire Day Trader Start with 2 Million* you ll laugh cringe and maybe cry as you explore the satirical journey of retail traders gone wild This parody guide delivers

hilariously bad advice on technical analysis diamond hands and emotional breakdowns all wrapped in sarcasm sharp enough to slash a stop loss order Learn how to Ignore all risk management rules they re just suggestions Join pump and dump Discords full of alpha Convince your parents that your Robinhood account is your 401 k Master candlestick patterns that look like chicken nuggets Become emotionally attached to losing trades it builds character Perfect for frustrated traders finance bros and wannabe wolves of Wall Street this book is a brutally honest joke because sometimes the only thing you can do after a 78% drawdown is laugh Warning May cause excessive giggling self reflection and sudden urges to delete your trading app The author Sankar Srinivasan is a certified market professional with over 20 years of experience in the stock market futures options forex and crypto But don t let the credentials fool you he s seen it all laughed at most of it and lived to tell the tale with his portfolio mostly intact Known for turning complex trading concepts into funny easy to digest truths Sankar writes with a sharp wit and a deep respect for retail traders who ve YOLO d their way through financial chaos When he s not chart watching or meme spotting he s probably writing his next sarcastic survival guide for confused traders everywhere
