The Sony Alpha NEX-6 Brian Matsumoto Ph.D., Carol F. Roullard, 2013-07-24 The Sony Alpha NEX 6 The Unofficial Quintessential Guide provides a wealth of experience based information and insights on this exciting new camera. Authors Brian Matsumoto and Carol F. Roullard team up to help the new owner navigate past the confusion that often comes with using a complex and powerful camera. This book explores the features and capabilities of the camera in a way that far surpasses the user's manual. It guides the reader through the camera features with step by step instructions for setting menu commands and explains how, when and why these adjustments are needed. Every button, dial, switch and menu configuration setting is explored in a friendly manner with suggestions and tips for setup according to various shooting styles. The informative text is illustrated with screenshots and example images throughout making it easy to follow along. The authors cover everything from the camera's basic features to advanced photographic applications. The first section of the book teaches new users to start taking pictures immediately by using the camera's Intelligent Auto and Superior Auto modes. In the second section you'll learn how to begin taking control by switching to the semi automatic modes. Finally you'll learn to take full manual control of the camera which will allow you to capture images that are a unique reflection of your creative personality. Brian and Carol go beyond just the camera itself.
