Jack Armstrong, Personnel Director  
ABC School District  
Ft. Lauderdale, FL 50000

This letter is to officially apply for the position of Assistant Principal at Baywatch Elementary School. I am fully aware of the duties and responsibilities of the position. My education, teaching experience, and certification meet all of the posted requirements. After serious consideration, colleague support, and our administration advising that I apply, I am certain that I am ready and prepared to assume the duties of the Assistant Principal.

I bring to the position twelve years of successful teaching. This includes four years working with minority and poverty students, two years with gifted and talented, and eight years with numerous inclusive special education students. My students have performed better than the district and state average on tests and very few have needed administrative disciplinary assistance. I have formed excellent relationships with parents and members of the community. My successful teaching performance has allowed me to serve in many leadership capacities. I have served as grade-level Chair, Site Council representative, textbook committee Chair, math curriculum Chair, and sponsored numerous student organizations and school programs.

My administrative internship allowed me to gain experience in teacher observations, student discipline, budgeting and purchasing, staff development, and general office duties and responsibilities. I have taken an active part in special education reviews, expulsion hearings, firing interviews, parent conferences, and the opening and ending school-year procedures.

I understand the duties and operations of pupil and staff personnel, federal programs, transportation, athletics, and the curriculum department. I fully understand the role of the Assistant Principal and how to fulfill the needs of the various departments listed above.

I believe strongly in collaboration. This includes both the Principal and administrative staff and the faculty and students. I believe better decisions are made through participation and effective communication. I believe our first priority is student learning, whether academic or social. I believe in modeling fairness, openness, and honesty and always acting in an ethical manner. I believe what we do has a much greater impact on others than what we say. I believe in the goodness of everyone and that care and concern for others is the first step to reaching them and finding ways for them to achieve success.
