## "Remember Easily"

with Mellisa Dormoy  
of Shambala Kids

*We may think of meditation and guided imagery for relaxation. The truth is, both can be used to achieve goals working with the subconscious mind to produce the desired results.*

*You can use guided imagery to help your child recall all she's learned both in school and in life. Practice this often and use positive affirmations as well to reinforce these ideas, such as "Your mind is like a library" and "You already have all the information inside of you."*

*Use a calming voice to lead the imagery and relax into the moment with your child.*

*"I'm going to tell you a little story. Close your eyes and breathe. And just imagine everything I'm saying.*

*Take in a nice, deep breath, like you're about to blow out birthday candles. Inhale slowly, and then blow it out slowly and gently. Now breathe in, and then breathe out. Very good!*

*Let's pretend now that we're in a castle. It's made of stone, and you see a big tower over in the corner. We go to the tower and find a door. It's a huge, heavy door made of rough wood. When you step into the tower, you're at the top of a long spiral staircase made of stone, and you see torches on the wall to light the way. The tower feels cool. Walk slowly down the staircase, knowing wonderful things are right here ready for you to explore.*

*Now that you're at the bottom of the staircase, you see that there are several rooms hidden*

*beneath this tower. In front of you is a hallway, with doors on each side that lead to individual rooms. Go down the hallway and open the first door on your right. Inside, you see a small room filled from floor to ceiling with books. It's an entire library with a desk in the center of the room.*

*This room contains just a little bit of the information that you hold in your head. This room is a part of you, so everything you've ever learned or been taught can be found here. Each room contains a different subject, and as you continue to learn, these libraries will continue to grow and grow with more and more books. Why don't you pull a book off the shelf and look through it?*

*These libraries are a part of you, and you can get all the information in these libraries even when you're wide awake! You've learned a lot more than you probably realized!*

*This is a place you can return to any time you want, even in the middle of a school day, or when taking a quiz or test. You can simply remember how you have everything already stored within you. You simply remember to magically open the right book and you'll remember so easily!*

*Put your books away now, knowing that you can access them any time you need to.*

*Walk back up the stairs and step out into the sunshine! You can open your eyes and wiggle your fingers and toes. And you can go back to your library any time you need to in your imagination!*

## **Written Guided Meditation Scripts:**

Guided Meditation Script Barclay J Fisher, 2020-02-12 If you choose to use one or more of these scripts to facilitate a guided meditation journey for others please preface the trip for them by reminding them that no longer all people see matters for the duration of a guided meditation This is very important because our purpose is for them to go a bit closer to their soul during the journey now not to supply them one more cause to consider they've failed In the years that I've been using these guided meditations many human beings have shared experiences with me where they weren't capable of seeing anything but they did hear something Or they felt the environment with imaginary kinesthetic touch Or they just had a deep sense of internal understanding about something all through the internal journey All of this is perfectly okay And as soon as in a while any person doesn't see hear sense or think about anything That's flawlessly okay as well Certain internal journeys simply don't fit with some people And sometimes a guided meditation desires to be listened to and experienced more than once to sufficiently loosen up and open up a person's inner world Also at the cease of facilitating one of these Inner Journeys please allow participants ample time to manner their experience You might favor to supply them several minutes to write in their journals or you may prefer to invite small group voluntary sharing It also may help to make yourself available afterward for a personal conversation about their journey within the meditation It's surely essential that every man or woman has a way to specific and combine the guided meditation experience For some people this capacity verbal sharing with others for others this potential time to absorb it quietly and in solitude into their very own reality Each of these Magical Inner Journeys was given to me as a direct present from Spirit I hope that you revel in experiencing them and facilitating them as a whole lot as I have And A Word About Inner Voices Our internal voices are additionally regarded as our internal parts or persona aspects I in my view like referring to mine as a Committee I sincerely think of a huge convention desk in an office building and everybody sitting around it are individual parts of ME that have something to say about what I do and who I am You may want to also suppose of it as your inner family and image them sitting around a huge dining room table And of course every family member has something to say an opinion to give

**Guided Meditation Script Volume One** Billy D Manus, II, 2024-04-08 Guided meditation scripts are carefully crafted narratives or instructions that lead individuals through a meditation session These scripts are designed to engage the mind's eye evoking vivid imagery enhancing relaxation and promoting mindfulness They can serve as a powerful tool for personal development stress reduction and emotional healing Guided meditations can be self-led using recordings or written scripts or facilitated by a therapist or meditation instructor in a one-on-one or group setting How They Can Be Used Self-Guided Meditation Individuals can use these scripts at home in a quiet space where they feel comfortable and undisturbed This approach allows for flexibility in scheduling and pacing making it easier to integrate meditation into daily life Therapist Assisted Meditation When guided by a therapist meditation can be tailored to address specific psychological needs such as managing anxiety depression or PTSD Therapists can also help

interpret experiences and feelings that arise during meditation offering deeper insights and personalized strategies for coping and healing

**Group Sessions** Guided meditation scripts can be used in workshops or classes creating a shared experience that fosters a sense of community and collective energy enhancing the meditative experience for participants

**Overall Benefits**

**Stress Reduction** One of the most immediate benefits of guided meditation is a reduction in stress and anxiety By focusing the mind and relaxing the body meditation lowers cortisol levels and enhances feelings of calm and well being

**Improved Emotional Health** Regular guided meditation can improve emotional health leading to greater positivity clarity and a deeper sense of satisfaction in life It can help manage symptoms of depression anxiety and other mood disorders

**Enhanced Self Awareness** Guided meditations often encourage reflection and introspection helping individuals gain insights into their behaviors thought patterns and emotional responses This increased self awareness can lead to more mindful living and better decision making

**Increased Attention Span** Regular meditation practice can improve focus and concentration extending individuals attention spans This is particularly beneficial in our distraction rich world where sustained attention is a valuable skill

**Improved Sleep** Guided meditation can be a useful tool in the fight against insomnia and other sleep disturbances By promoting relaxation and easing the mind into a state of calm individuals may find it easier to fall asleep and enjoy more restorative rest

**Pain Management** Some guided meditations are designed to help individuals manage chronic pain By focusing the mind and relaxing the body some people may experience reduced pain levels and a decreased need for pain medication

**Book Contains 140 Full Scripts** 25 Inner Child 30 Mindfulness 30 Relaxation 30 Gratitude 25 Stress Improving Life with Guided Meditation Incorporating guided meditation into one s life can lead to profound changes The practice promotes a balanced lifestyle helping individuals remain centered and calm in the face of life s challenges By fostering resilience enhancing emotional intelligence and improving mental focus guided meditation can positively impact all areas of life from personal relationships to professional success Overall whether practiced alone or with the support of a therapist guided meditation offers a pathway to a more mindful peaceful and fulfilling life Its benefits extend beyond immediate relaxation contributing to long term health happiness and well being
