Handbook of Research on Multidisciplinary Approaches to Literacy in the Digital Age Taskiran, Nurdan Oncel,2019-11-29 The fast pace of technology in this day and age has made it difficult for individuals to stay informed without becoming lost in the folds of an information overload Methods used to narrow down

information are becoming just as important as providing the information to be discovered The Handbook of Research on Multidisciplinary Approaches to Literacy in the Digital Age is a pivotal reference source that provides vital research on the significance of being literate in the age of speed and technology While highlighting topics such as e advertising mobile computing and visual culture this publication explores the major issues society has in the information age and the methods of innovative achievements of public or private institutions This book is ideally designed for researchers academicians teachers and business managers seeking current research on a variety of social sciences in terms of the digital age

Creative Learning and MOOCs Haifa Jamal Al-Lail,Nabil Sultan,2015-10-13 This volume brings together a collection of selected and revised articles that were presented at the 11th Learning and Technology Conference held by Effat University in Jeddah Saudi Arabia in February 2014 The conference is an annual event that explores the latest research and practice in innovative technologies and their impact on education The contributions to this volume are all authored by practicing academics and research students with the central theme the realisation that learning and teaching are strongly influenced by technology and innovation Schools colleges and academic institutes took the lead in harnessing this technology and created innovative opportunities for learning that did not exist before one of which being the field of e Learning One of the latest innovations in education is the introduction of Massive Open Online Courses MOOCs which represents an interesting development in the use of technology and innovation by providing opportunities for learning to massive numbers of students regardless of their location at almost no cost This phenomenon is subject to a great deal of analysis in this book and will provide an interesting read for students teachers decision makers and ordinary people A particular strength of this book is that the contributors are drawn from and represent a number of cultural backgrounds which provides a range of insights that is often missing from other publications on such important subjects

Marketing Eric N. Berkowitz,2002 The fifth edition ofMarketingis the result of a detailed and rigorous developmental process designed to provide customer value in several ways first we continue to use the active learning approach that has been the foundation of our previous editions Second we have incorporated many new examples tools and design elements that are consistent with the learning styles for today s students Third we have added deleted and modified topics and content based on our own expertise and the advice of many knowledgeable reviewers Overall the fifth edition ofMarketingrepresents our efforts to guarantee the high quality of previous editions and to continue our tradition of growth and improvement

South-south Journal of Culture and Development ,2006 *Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology* Johnson, Rick D.,2021-01-22 The subject of leadership and managerial psychology exists as a sub branch of psychology within the fields of industrial and organizational psychology There still appears to be ongoing debate regarding the core pathology for gaining managerial expertise in professional roles relative to having suitable leadership skills and managerial knowledge beyond the direct daily work involved in organizations Professional organizations inherently include varied levels of sensitive human interactions

which further necessitates their management professionals to have leadership styles that are adjustable contingent on a given situation Relative to this edited book managerial psychology is being utilized in a way that may subsequently seek to develop a series of scientific theory principles where the focus is to develop managerial axioms that advance contemporary existing knowledge surrounding professional management logic The Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology provides value uncovered by a collaboration of generalists and specialists who bring professional managerial and leadership opinions to light through narratives and research inclusive of fundamental theory principles that can be applied in practice and academia This edited reference is focused on the enhancement of management research through managerial psychology while highlighting topics including business process knowledge management in diverse discipline situations and professions corporate leadership responsibility leadership of self and others and leadership psychology in a variety of different fields of work This book is ideally designed for leadership and management professionals academicians students and researchers in the fields of knowledge management administrative sciences and management leadership development education and organization development sub branches or specialty practices
