Mystery Novel Cool Novel, 2016-10-08 Writing a novel can feel daunting but really it's just a longer story. With short stories the idea matters a lot more than it does in a novel. In novels it's about the characters. Plot yes but the plot doesn't matter unless we care about the characters. Here is a 400 page lined book for you to take a shot at writing a novel. The cool thing is that when you finish it will already be in book form. Sure it will be handwritten but if you love it you can type it up for your second draft. As it happens many writers prefer to do their initial draft in longhand. The first draft is for you. So take this book with you and write when you have a few moments. Build those characters. Enhance that conflict. Insert that subplot. Make it cool. Let your creativity flow. You'll need to bring your own pen or pencil of course but you already knew that. Write that book now. You can do it. We have a variety of genre covers available in this series.
