Jamie L. Coutts  
HR Director  
Dell Technologies  
City, State/Province

Dear Mr. Coutts (or Dear Hiring Manager):

I am writing to recommend Ashley Jackson for the position of Junior Civil Engineer at Kier Group plc. As the former supervisor of Ashley at our civil engineering company, I have had the pleasure of working closely with her for the past two years.

During her time at our company, Ashley has made significant contributions to various civil engineering projects. For example, on a bridge construction project, Ashley's calculations and analysis helped reduce material costs by 15%, resulting in savings of over \$50,000 for our client. Additionally, Ashley's keen attention to detail and problem-solving skills allowed her to identify and resolve a design flaw on a wastewater treatment plant project, which prevented potential delays and additional costs.

Ashley's exceptional technical skills are complemented by her strong communication and leadership abilities. As a team leader on several projects, Ashley effectively managed and motivated team members to ensure project milestones were met on time and within budget. Her excellent communication skills also allowed her to liaise effectively with clients and other stakeholders, resulting in positive feedback and repeat business.

Moreover, Ashley's dedication to continuous learning and professional development has been admirable. She has completed several professional development courses, including a course on project management, and has been actively involved in industry associations such as the American Society of Civil Engineers.

I am confident that Ashley's skills and experiences make her an excellent candidate for the Junior Civil Engineer position at Kier Group plc. She has consistently demonstrated exceptional technical expertise,

**Engineering Bulletin ...** University of Louisville. Speed Scientific School, 1957 **Bulletin** University of Louisville, 1955 **Her Place in the Woods** David Hakensen, 2025-09-10 The biography of one of Minnesota s most beloved nature writers from her career in the city to her rustic cabin on Gunflint Lake During the late 1950s through the early 1970s Helen Hoover s stories and essays of life in the wilderness on northern Minnesota s Gunflint Lake published in popular magazines and several bestselling books including The Gift of the Deer in 1966 and A Place in the Woods in 1969 found millions of fans and earned her accolades alongside nature writers like Sigurd Olson Rachel Carson Sally Carrighar and Calvin Rutstrum Hoover s own unlikely history of leaving

a corporate career in Chicago for a small cabin without electricity or running water with no interest in hunting or fishing is just one chapter of the remarkable life that David Hakensen describes in *Her Place in the Woods* This first complete biography illuminates how Helen Hoover 1910-1984 made a place for herself and for countless readers in as she put it the world of her time Hoover defied convention Self trained and without an academic degree she worked in the male dominated metallurgical field as a researcher at International Harvester where she solved a long standing problem with the manufacture of discs for farm implements and earned a patent She and her husband Adrian a commercial artist had long dreamed of moving to a remote cabin in the woods As they started the long return drive to Chicago after a summer spent on Gunflint Lake they finally made the leap quitting their jobs with a long distance phone call from Grand Marais and figuring out the rest as they went The Hoovers were woefully unprepared for life off the grid and slowly learned how to convert sheds into chicken coops and fend off bears Social encounters presented their own challenges with Helen s fiery personality leading to clashes with hunters and other Gunflint neighbors Gradually the Hoovers settled into the rhythms of their remote homestead and Helen would craft a prolific literary livelihood from her keen observations of nature and encounters with animals in the surrounding woods *Her Place in the Woods* captures both an awakening to the power and fragility of the natural world and the efforts and talents of an extraordinary woman defining herself as a writer Though Helen Hoover would move on from the secluded North Woods as she wrote in her final book *The Years of the Forest* From this time on it would be both here and with me wherever I might be as long as I should live *Faerie Tale* Raymond E.
