

Executive Summary

Sydney requires modern stadia and facilities of varying sizes which provide sporting and major event the market with venue options to meet different events.

Building on the 2012 Stadia Strategy, and in accordance with the NSW 2021 State Plan, the Visitor Economy Industry Action Plan and the State Infrastructure Strategy Update 2014, the Stadia Strategy Steering Group (SSSG) resolved that there are six key recommendations associated with implementing the Tier 1 component of the NSW Stadia Strategy 2012.

NOTE: The Sydney Cricket and Sports Ground Trust and the Stadium Australia Group have signed a Heads of Agreement whereby the control and operation of ANZ Stadium is returned to the NSW Government (via the Sydney Cricket and Sports Ground Trust), thereby removing the implications associated with the Material Adverse Effects clause with the Stadium Australia Group (SAG) contract with the Government. These clauses significantly limit stadia development in the State and must be addressed prior to implementing the recommendations outlined in this report.

The successful finalisation of negotiations with Stadium Australia Group is fundamental to the success of the Stadia Strategy.

Recommendation 1

Priority 1 Immediate	Construct a new dedicated rectangular stadium in Central Western Sydney with a capacity of 30,000 seats to host Rugby League, Rugby Union, Football matches and concerts to replace the existing Parramatta Stadium.
Priority 2 3 to 5 years	Construct Australia's largest, dedicated world-class rectangular stadium near the Sydney CBD with a capacity of 55,000 to 60,000 seats to host Rugby League, Rugby Union, Football matches and concerts in the Moore Park precinct to replace the existing Sydney Football Stadium.
Priority 3 3 to 5 years	Construct a 15,000 seat indoor sporting arena in or around the Sydney CBD for major indoor sporting events including tennis, basketball and netball. With the Sydney Entertainment Centre being demolished in December 2015, and its replacement in Darling Harbour being a theatre style venue not suitable for basketball or other sports such as indoor tennis, this closure leaves the Sydney CBD with no major indoor sports facility.
Priority 4 5 to 8 years	Upgrade Stadium Australia with the installation of a roof to provide Sydney with Australia's largest roofed stadium, increasing the opportunity for content in Sydney's largest stadium. Consider constructing retractable seating in the lower bowl to allow for rectangular sports.
Priority 5 10 to 15 years	Construct a new dedicated rectangular stadium in Greater Western Sydney with a capacity of 30,000 depending on present and forecast sporting and event requirements.
