Levers, Debra Hyatt-Burkhart, 2019-09-09 This introductory textbook written specifically for graduate students in clinical mental health counseling programs is distinguished by a unique integrated system of care approach reflecting current trends in mental health treatment. Designed to address the 2016 CACREP standards, the book delivers an in-depth examination of the professional knowledge, skills, and current issues in professional counseling that are essential to clinical practice. The textbook emphasizes the elements of practice while providing students with ample case studies that enable them to integrate theoretical concepts with real-world examples. By distilling a wealth of knowledge from experts in the field, the textbook looks at the history and contemporary issues of mental health counseling through the lens of a bioecological approach. Engaging chapters focus on issues critical to mental health counseling, including strength-based approaches, varied clinical practice settings, professional issues, self-care, and more. Additionally, the text presents dilemmas and pitfalls intrinsic to mental health practice. Learning objectives, case illustrations, and abundant resources in each chapter reinforce the practical, real-world information upon which students can build throughout their education. A robust Instructor's Manual and key PowerPoint slides also are provided. Purchase includes access to the e-book for use on most mobile devices or computers.

With a reassuring and clear writing style, Willer offers practical suggestions and clinical examples to address the professional development and emotional concerns of the beginning psychotherapist. She guides readers through structuring the first session, making clinical observations, and establishing a therapeutic alliance. Through the use of culturally diverse clinical vignettes, Willer discusses the foundations of ethical practice, including informed consent, confidentiality, documentation, and setting boundaries. The reader is guided on how and when to refer clients for medication and other health care. Crisis management principles are detailed, including suicide and violence risk assessment, child abuse, elder abuse, intimate partner violence, and rape. Willer also provides professional advice on contemporary concerns such as social networking online.
