## **Performance Testing In Manual Testing:**

**The Art of Application Performance Testing** Ian Molyneaux, 2009-01-23 This practical book provides a step by step approach to testing mission critical applications for scalability and performance before they are deployed a vital topic to which other books devote one chapter if that. Businesses today live and die by network applications and web services. Because of the increasing complexity of these programs and the pressure to deploy them quickly many professionals don't take the time to ensure that they will perform well and scale effectively. The Art of Application Performance Testing explains the complete life cycle of the testing process and demonstrates best practices to help you plan, gain approval for, coordinate and conduct performance tests on your applications. With this book you will learn to: Set realistic performance testing goals; Implement an effective application performance testing strategy; Interpret performance test results; Cope with different application technologies and architectures; Use automated performance testing tools; Test traditional local applications, web based applications and web services; SOAs; Recognize and resolve issues that are often overlooked in performance tests. Written by a consultant with 30 years of experience in the IT industry and over 12 years experience with performance testing, this easy to read book is illustrated with real world examples and packed with practical advice. The Art of Application Performance Testing thoroughly explains the pitfalls of an inadequate testing strategy and offers you a robust structured approach for ensuring that your applications perform well and scale effectively when the need arises. Ian has maintained a vendor agnostic methodology beautifully in this material. The metrics and graphs along with background information provided in his case studies eloquently convey to the reader. Methodology above all tools at your discretion. Ian's expertise shines through throughout the entire reading experience.
