**New Perspectives and Paradigms in Applied Economics and Business** William C. Gartner,2024-04-23 This book features a collection of high quality and peer reviewed papers from the 2023 7th International Conference on Applied Economics and Business which was held in Copenhagen Denmark during

August 24-26, 2023 ICAEB is held annually as a platform for the presentation of new advances and research results in the fields of applied economics and business. Applied economics is a way of dealing with esoteric economic concepts in a practical and analytical way. It allows for decisions to be made that are underlined by theoretical economic principles but utilized in such a way that they transform into real work applications. The contributors cover topics such as environment, development, finance, forensics, information, institutions, international labor, management, mathematics, currency, tourism, and many more. Applied Economics affects all aspects of life and science and it is brought to the forefront in this collection of papers. The conference with its aim to bring together economists from different fields lends itself to a natural and rich collection of scientific papers all focused on the practical application of economic principles. The scope of this collection of papers will be useful to academics and practitioners who look to economics to help solve problems.
