Health Reports, 1997 *The Secert Castle* Miguel H. Bronchud, 2007 [The Price of Partnership in the Letter of Paul to the Philippians](#) Mark A. Jennings, 2018-01-25 Mark A Jennings challenges the consensus that there is no clear single purpose that shapes the entire epistle to the Philippians instead arguing that there is significant evidence for Paul to have written the letter with the sole intent of persuading the church to maintain its exclusive partnership with him and his gospel mission Jennings examines each section of Philippians with standard historical critical methods rhetorical criticism and social scientific methods Establishing that Paul's argument is rooted in three fundamental tenets emphasis is first placed on koinonia and the agreement that Paul and the Philippians had entered into regarding his apostolic mission Second Jennings looks at the repeated proofs that Paul offers that simultaneously affirm the ordained superiority of his apostolic mission and repudiate the claims of his rivals Third Jennings analyses the issue of finances in the epistle discussing how Paul rhetorically transforms the Philippians financial support into a salient indicator that they esteem his gospel mission authentic Finally whereas other scholars have argued that Paul entreats the Philippians to be steadfast in their commitment to the gospel of Christ Jennings proposes that Paul urges the church to be steadfast in their commitment to his gospel of Christ Jennings then considers how this seemingly small distinction has profound ramifications for understanding the letter and shows the gap between these interpretations *Edinburgh Companion to Nineteenth-Century American Letters and Letter-Writing* Celeste-Marie Bernier, 2016-02-15 Provides a wide ranging entry point and intervention into scholarship on nineteenth century American letter writing This comprehensive study by leading scholars in an important new field the history of letters and letter writing is essential reading for anyone interested in nineteenth century American politics history or literature Because of its mass literacy population mobility and extensive postal system nineteenth century America is a crucial site for the exploration of letters and their meanings whether they be written by presidents and statesmen scientists and philosophers novelists and poets feminists and reformers immigrants Native Americans or African Americans This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and
