

CONTENTS

Components, playing game and rules (most of which are online), 175 pages

OBJECT

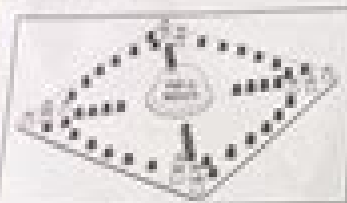

Get all four of your **TRICKLE** pips into your **FINISH** zone first.

THE FIRST TIME YOU PLAY

Shows the gameboard to the player, and

GET READY!

1 Each player selects four pips of one color and places three of those pips in their **HOME** space and one pip in their **START** space.

2 Youngest player goes first. Play passes to the left.

ON YOUR TURN

THE POP-O-MATIC DIE

Roll the **POP-O-MATIC** and move according to the number shown on the die.

You cannot move, but the other players each move a pip from **HOME** to **START**.

You move any one of your pips already in the playing track this many spaces forward.

Choose one:

- Move one of your pips out of **HOME** to **START** and pop again.
- Move one of your pips forward on the playing track six spaces and pop again.

POWER UP SPACES

If you land on a **Double Trouble** space (a **START** space), you take another turn. But if you pop a 6 and land on **Double Trouble**, you take only one additional turn, not two!

If you land on a **Warp** space (a **START** space), you must move your pip to the back of the Warp path on the opposite side of the board.

- When you land on a **Warp** space, you send *opponent's* pips on either end of the path back to their **HOME**. (Pips in a **FINISH** zone are safe.)
- You cannot move onto a **Warp** space that is already occupied by one of your other pips.

MORE ON MOVING AROUND THE BOARD

Moving from **HOME** to **START**

- To move a pip from **HOME** to **START**, you must pop a 6 or another player must pop a 6.
- Be sure to pop again: if you move a pip from **HOME** to **START** using a 6!
- If you already have a pip in **START**, you can't bring a new pip out. You're blocked yourself!

Moving onto an occupied space

- When you land on a space occupied by another pip, send that pip back to its **HOME**, and take the space.
- You cannot land on your own pips.
- You cannot finish your **Warp** on a **Warp** space that already has one of your own pips on either end of the Warp path.

Moving into your **FINISH** zone

- Your pip must go around the playing track once to enter the **FINISH** zone.
- You don't have to enter **FINISH** by exact count—move your pip into the first open **FINISH** space closest to the **POP-O-MATIC**.

HOW TO WIN

Be the first player to finish your turn with all four pips in your **FINISH** zone. You win!

To play the classic **TRICKLE** game, don't use the Power-Up spaces.
