The great Buddha himself taught these practices he said What you have become is what you have thought This is ancient wisdom that will never lose its truth as proved in the hundreds of years since it was first spoken Now YOU can learn to use this wisdom to help you map out the rest of your life So much can be achieved with the law of attraction but so many people do not even acknowledge the power that they hold within So much suffering could have been stopped if the people involved only knew the power they have hidden within This is the truth it s always been the truth and it will always be the truth no matter how many people try to discourage it The Question is Are YOU Going To Do Something About it Now that YOU Know Dear Fellow Knowledge Seeker Ever imagined how amazing it would be to achieve success like other people Ever thought to yourself How come they find success so easily Have you ever wondered what it would be like to have the touch that turns everything into gold Ever wished it was YOU that could achieve success as easily If I said to you that you could achieve all of the above by using the powers that you already possess deep within you own mind what would you say Would it be something along the lines of Oh yea And what crack pot theory are you brainwashed with And guess what I wouldn t blame you If I could teach you everything you need Overcoming your inhibitions and fears how to use the laws of nature to achieve success by it coming to YOU and not you running to it What if I told you that every event that had arose in your life before this moment in time had happened as a result of your thoughts and actions and everything that happens after reading this is totally in your hands If I turned round to you and told you that I could teach you something amazing that has been handed down for generations by the most supreme minds since the beginning of time and after me teaching you you could shape your own destiny
