Sex and the Single Savior Dale B. Martin,2006-01-01 Probing into numerous questions about gender and sexuality Dale Martin delves into the biblical texts anew and unearths surprising findings Avoiding preconceptions about ancient sexuality he explores the ethics of desire and marriage and pays careful attention to the original meanings of words especially those used as evidence of Paul's opposition to homosexuality For example after a remarkably faithful reading of the scriptural texts Martin concludes that our contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel In all of these essays however Martin argues for engaging Scripture in a way that

Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators Annotated Cases, American and English ,1910 *A Companion to the Literatures of Colonial America* Susan Castillo, Ivy Schweitzer, 2008-04-15 This broad introduction to Colonial American literatures brings out the comparative and transatlantic nature of the writing of this period and highlights the interactions between native non scribal groups and Europeans that helped to shape early American writing Situates the writing of this period in its various historical and cultural contexts including colonialism imperialism diaspora and nation formation Highlights interactions between native non scribal

Medieval Single Women Cordelia Beattie, 2007-09-13 The single woman is a troubling and disruptive category Does it denote all unmarried women, therefore creating a group which every female was part of at some stage in her life Or were the categories maiden and widow so culturally significant in late medieval England that single woman was a residual category for women seen as anomalous Was the category single man used in an equivalent way and if not, why This study offers a way into the complex process of social classification in late medieval England All societies use classifications in order to understand and impose order In this book Cordelia Beattie views classification as a political act, an act of power those classifying must make choices about which divisions are most important or about who falls into which category and such choices have repercussions Defining how a group or an individual should be labelled means variables such as social status, gender or age are prioritized Rather than isolate gender as a variable, this book examines how it relates to other social cleavages Using a variety of approaches from social and cultural history to gender history and medieval studies, its original methodology offers an innovative approach to a range of historical texts from pastoral manuals to tax returns and guild registers

The Single Life in the Roman and Later Roman World Sabine R. Demographic archaeological and socio economic perspectives are considered and in particular the relationship of singleness to the Roman household and family structures The volume concludes by introducing a number of comparative perspectives drawn from the early Islamic world and from other parts of Europe down to and including the nineteenth century in order to highlight possibilities for the Roman world *The Routledge Handbook of Metaphor and Language* Elena Semino,Zsófia Demjén,2016-11-03 The Routledge Handbook of Language and Metaphor provides a comprehensive overview of state of the art interdisciplinary research on metaphor and language and maps out future directions of research and practice in a variety of contexts in this field **Sapphires for the Single Mother** Valerie E. novel *Ing nue Saxancour* is a thinly veiled account of his daughter's disastrous marriage to an abusive husband. From the time of her marriage in January 1780 until she left her husband in July 1785, Agn's R tif suffered continually from severe physical, sexual, and emotional abuse. Published in 1789, R tif's novel scandalized the public with its graphic descriptions of his son-in-law's sexual perversity and brutal violence. R tif's novel remains shocking even two centuries later and continues to raise disturbing questions about power relations within abusive relationships. Perhaps most disturbing of all are the accusations leveled against R tif himself concerning his motives for writing and publishing this account. Was he, as some charged, a shameless exhibitionist willing to reveal his family's darkest secrets merely to attract attention and broaden his readership? Was he an unscrupulous opportunist willing to capitalize on his daughter's misfortunes and risk her reputation simply to pay his debts? Or was he, as he himself claimed, trying to warn young women about the dangers of marrying men of dubious backgrounds against their parents' wishes? R tif was all this and more: a reform-minded pioneer far in advance of his time with his graphic portrayal of spousal abuse, his call for greater public awareness of this perennial problem, and his crusade for liberal divorce laws that would allow women to escape from abusive relationships and to remarry. This is the first English translation of *Ing nue Saxancour* ever published and offers a wealth of background material on the novel and the real-life events that inspired it. It serves as a companion piece to the annotated French edition edited by Professor Trouille and published by the MHRA in 2014.
