**Ideology** Diane Long Hoeveler, 2014-05-15 The Gothic Ideology argues that in order to modernize and secularize the British Protestant imaginary needed an other against which it could define itself as a culture and a nation with distinct boundaries The Gothic ideology is identified as an intense religious anxiety produced by the aftershocks of the Protestant reformation the Catholic Counter Reformation and the dynastic upheavals produced by both events in England Germany and France and was played out in hundreds of Gothic texts published throughout Europe between the mid eighteenth century and 1880 This book is the first to read the Gothic ideology through the historical context of both King Henry VIII s dissolution of the monasteries and the extensive French anti clerical and pornographic works that were well known to Horace Walpole and Matthew Lewis The book argues that Gothic was thoroughly invested in a crude form of anti Catholicism that fed lower class prejudices against the passage of a variety of Catholic Relief Acts that had been pending in Parliament since 1788 and finally passed in 1829 *Rocket Raccoon* Bill Mantlo, 2014-04-23 *Rocket Raccoon* 1 4 Relive the early adventures of the furry
