## **Siren S Reckoning:**

**Siren's Reckoning** J. Johanis, 2014-11-25 Akad the most powerful god of the ancient world is determined to find the condemned goddess Siren and win her love However Siren is every god s nightmare The gods attempt to deter Akad from his mission by pushing the beautiful goddess Venus into his arms Without doubt the young Venus is a powerful distraction but his obsession to find and make Siren his own is undeniable Despite learning all too quickly the extent of Akad s cruelty Venus commits to a path that leads her into dangerous waters She swears to shield Akad from Siren s wrath but when the weight of his crimes begins to crush her she fights for the resolve to defend him Venus holds the key to Akad s heart but her conviction is on the verge of faltering If she fails to sway him from his path of destruction the fate of the world will hang in the balance Will Venus s love and protection be enough to save him or will his mission bring doom to humanity **Siren's Reckoning** J. Johanis, 2015-01-15 Siren might just destroy him but does he deserve it Akad the most powerful god of the ancient world seeks the love of the condemned goddess Siren However Siren is every god s nightmare Before he can win her he must pay for his crimes that led to her downfall The gods attempt to deter him from his mission by pushing the goddess Venus into his arms Despite bearing witness to Akad s cruel nature Venus commits to a path that leads her into dangerous waters Venus swears to shield Akad from Siren s wrath but when the weight of his crimes begins to crush her she fights for the resolve to defend him If Venus fails to sway him from his path of destruction the fate of the world may hang in the balance Contains portrayals of m f and m m sex abuse dub con and sexual assault Intended for mature readers *Siren City* Robert Miklitsch, 2011 Robert Miklitsch has convinced me Sound and music in film noir are every bit as important as the visuals *Siren City* drives home this argument with authority and elegance Highly recommended Krin Gabbard author of *Hotter Than That* *The Trumpet Jazz and American Culture* **The Sirens** Stavros Stavros, 2009-08 She considered her life each aspect rested on another was undercut by its arbitrary predecessor in a deconstructive chain leading back to the blank canvas to defenseless impulse and unjustifiable whim She felt seduced by despair felt a void opening before her what was this void The apparition of suicide the specter of her own death No it was the nothingness stretching forever beneath the seemingly concrete aspects of her existence the eternal blank canvas upon which she had enacted her life and to which she would eventually return from *The Sirens* The interconnected lives and trials of five characters an Artist a Seeker a Seductress a Dreamer and an Academic comprise a novel within this novel while their author s struggle to achieve his lofty artistic vision forms the framing drama in this unconventional and experimental story of ambition inspiration and obsession The novel s unnamed narrator has failed the promise of his youth has been spent and ruined and he fears that he will never achieve the great work of which he and others imagined him capable It is only through a chance encounter with a strange and beautiful woman a woman who seems to know more about him and his troubles than she should that he feels himself newly inspired capable of the ambitious work he once envisioned But who is this muse and towards what is she leading him And what will he

discover when the quest for true expression lures him ever deeper into his own scarred and fractured mind Written by Stavros Stavros Cover design by Tom Maven **The Sirens Sang of Murder** Sarah Caudwell,2012-10-18 Whilst on a trip to the sunny Channel Islands to find the heir to a lucrative tax law case young barrister Michael Cantrip finds himself in over his head Peculiar things begin to occur on the mysterious and isolated islands with something or somebody bumping off members of his legal team With the help of his mentor amateur investigator Hilary Tamar Cantrip must find a safe passage back to the Lincoln s Inn Chambers *Untimely Epic* Tom Phillips,2020-04-30 Apollonius Rhodius Argonautica is a voyage across time as well as space The Argonauts encounter monsters nymphs shepherds and kings who represent earlier stages of the cosmos or human society they are given glimpses into the future and themselves effect changes in the world through which they travel Readers undergo a still more complex form of temporal transport enabled not just to imagine themselves into the deep past but to examine the layers of poetic and intellectual history from which Apollonius crafts his poem Taking its lead from ancient critical preoccupations with poetry s ethical significance this volume argues that the Argonautica produces an understanding of time and temporal experience which ramifies variously in readers lives When describing the people and creatures who occupied the past Apollonius extends readers capacity for empathetic response to the worlds inhabited by others In the ecphrasis of Jason s cloak and the account of Jason s conversations with Medea readers are invited to scrutinize the relationship between exempla and temporal change while episodes such as the taking of the Golden Fleece explore links between perceptions and their temporal situation Running through the poem and through the readings that comprise this book is an attention to the intellectual potential of the untimely objects experience and language which do not belong straightforwardly to a particular time Treatment of such phenomena is crucial to the poem s aspiration to inform and expand readers understanding of themselves as subjects in and of history **The Sirens' Call** Chris Hayes,2025-01-28 An Instant 1 New York Times Bestseller From the New York Times bestselling author and MSNBC and podcast host a powerful wide angle reckoning with how the assault from attention capitalism on our minds and our hearts has reordered our politics and the very fabric of our society An ambitious analysis of how the trivial amusements offered by online life have degraded not only our selves but also our politics New York Times Brilliant book Reading it has made me change the way I work and think Rachel Maddow We all feel it the distraction the loss of focus the addictive focus on the wrong things for too long We bump into the zombies on their phones in the street and sometimes they re us We stare in pity at the four people at the table in the restaurant all on their phones and then we feel the buzz in our pocket Something has changed utterly for most of human history the boundary between public and private has been clear at least in theory Now as Chris Hayes writes With the help of a few tech firms we basically tore it down in about a decade Hayes argues that we are in the midst of an epoch defining transition whose only parallel is what happened to labor in the nineteenth century attention has become a commodified resource extracted from us and from which we are increasingly alienated The Sirens Call is the big picture

vision we urgently need to offer clarity and guidance Because there is a breaking point Sirens are designed to compel us and now they are going off in our bedrooms and kitchens at all hours of the day and night doing the bidding of vast empires the most valuable companies in history built on harvesting human attention As Hayes writes Now our deepest neurological structures human evolutionary inheritances and social impulses are in a habitat designed to prey upon to cultivate distort or destroy that which most fundamentally makes us human The Sirens Call is the book that snaps everything into a single holistic framework so that we can wrest back control of our lives our politics and our future *Water Worm and Siren Bone* Cidney Swanson,2024-11-05 Return to Talisfarne When Katrin and her friends attempt to return to Talisfarne they learn that Duke Bartholomes isn t through with them yet Even worse a shadowy figure known as the Spider has recognized Katrin s gifts and will stop at nothing to possess them Now Katrin and her friends must navigate the high seas where if Bartholomes s men and the Spider s thugs don t get them water worms and pirates await **Sirens: Collected Papers 2009-2011** Hallie Tibbetts, editor,2012-09-01 Sirens Collected Papers 2009 2011 combines written versions of presentations from three years of Sirens a conference on women in fantasy literature During those years presenters were encouraged to analyze women warriors fairies and monsters Presentations for Sirens were chosen by vetting boards made up of scholars professionals and readers Following each year s conference presenters were invited to submit text versions of their presentations for the Sirens compendium twenty five of the nearly ninety presentations from 2009 2011 are represented in these collected papers
