Situationships Relationship Poems And Short Stories:

Situationships John Holley, 2014-08-25 SITUATIONSHIPS is a collection of poems and short stories about everyday relationships. It was written all based on real stories from real people. John Holley Jr interviewed many people of many different ages and backgrounds and used their stories as inspirations. Every story or poem is based off one of their stories and a few of his own. John crafts stories ranging from the side chick who wishes she was the main to the child stuck in the middle of a bad break up. You can't help but to connect to this book because we've all been in these situations before. **The End of Love** Sabrina Strings, 2024-01-30 From Playboy to Jay Z the racial origins of toxic masculinity and its impact on women especially Black and insufficiently white women. More men than ever are refusing loving partnerships and commitment and instead seeking out situationships. When these men deign to articulate what they are looking for in a steady partner they ll often rely on superficial norms of attractiveness rooted in whiteness and anti Blackness. Connecting the past to the present sociologist Sabrina Strings argues that following the Civil Rights movement and the integration of women during the Second Wave Feminist movement men aimed to hold on to their power by withholding love and commitment a basic tenet of white supremacy and male domination that served to manipulate all women. From pornography to hip hop women especially Black and insufficiently white women were presented as gold diggers props for masturbation and side pieces. Using historical research personal stories and critical analysis Strings argues that the result is fuccboism the latest incarnation of toxic masculinity. This work shows that men are not innately toxic. Nor do they hate love commitment or sex. Instead men across race have been working a new code to effectively deny loving partnerships to women who are not pliant slim and white as a new mode of male domination. *Lost in Silence*, 2024-09-25 **The Lotus Butterfly** L. Sukari, 2018-03-28 One cannot fail to see this exquisite flower and its inspired wisdom and beauty. She blooms into self reverence and victory of the spirit embodying strength from the earth's sun kissed sky while emerging from a dirty pond of muddy waters full of life's painful lessons and persecution. She is the womb of the world a symbol of love hope peace and purity. Never fully sprouting her petals her center is protected by her half opened wings not exposing her to vulnerability for observation until the day the enchanting bodacious butterfly interrupts her blossom and eloquently flutters his way into her core settling comfortably on her petals for a while. Her delicacy is exposed as he tastes her fragile innocence and she begins to learn the lessons behind the beauty charm and deception of the butterfly. She becomes infused in a spiritual awakening the enlightening the rebirth and the resurrection discovering for herself her succulent core. **Soliloquies of a Situationship** Nadine Bayonne, 2017-11-05 Soliloquies of a Situationship is about a young twenty three year old girl named Jade who has been recently fired from her job as a junior columnist and leaves for New York City to pursue a degree in Creative Writing. Situationships SaeLah Poeht-Suroh, 2018-02-15 Situationships are defined by two people being in a situation that looks like a relationship but without the official title and quite consequently without the commitment. Often one party wants more but the other party does not; they only want the benefits so the aforementioned party settles for what they can get from the person they truly want even if they are only getting hurt. We walk into the sword just to feel the touch of the hand driving it through our heart. In his latest work *Situationships* SaeLah delves into the phenomenon from a first-hand perspective having been in a few himself as both the party who wanted more and who had no more to give. Through poetry and prose he attempts to convey the dangers of situationships and lead readers on the road to healing.
