The Young and Evil Jarrett Earnest, 2020-01-21 Lauded by Jerry Saltz as one of the most reactionary yet radical visions of art The Young and Evil tells the story of a group of artists and writers active during the first half of the twentieth century when homosexuality was as problematic for American culture as figuration was for modernist painting These artists including Paul Cadmus Fidelma Cadmus Kirstein Charles Henri Ford Jared French Margaret Hoening French George Platt Lynes Bernard Perlin Pavel Tchelitchew George Tooker Alexander Jensen Yow and their circle were new social creatures playfully and boldly homosexual at a time when it was both criminalized and pathologized They pursued a modernism of the body driven by eroticism and bounded by intimacy forming a hothouse world within a world that doesn't nicely fit any subsequent narrative of modern American art In their work they looked away from abstraction toward older sources and models classical and archaic forms of figuration and Renaissance techniques What might be seen as a reactionary aesthetic maneuver was made in the service of radical content endeavoring to depict their own lives Their little known history is presented here through never before exhibited photographs sculptures drawings ephemera and rarely seen major paintings offering the first view of its kind into their interwoven intellectual artistic and personal lives Edited by Jarrett Earnest who also curated the exhibition The Young and Evil features new scholarship by art historians Ann Reynolds and Kenneth E Silver and an interview with Alexander Jensen Yow by Michael Schreiber Intercultural Screen Adaptation Michael Stewart, 2020-03-27 Intercultural Screen Adaptation offers a wide ranging examination of how film and television adaptations and non adaptations interact with the cultural social and political environments of their national transnational and post national contexts With screen adaptations examined from across Britain Europe South America and Asia this book tests how

examining the processes of adaptation across and within national frameworks challenges traditional debates around the concept of nation in film media and cultural studies With case studies of films such as *Under the Skin* 2013 and *T2 Trainspotting* 2017 as well as TV adaptations like *War and Peace* 2016 and *Narcos* 2015 2017 Intercultural Screen Adaptation offers readers an invigorating look at adaptations from a variety of critical perspectives incorporating the uses of landscape nostalgia and translation Travelers Record ,1890 **American Book Publishing Record** ,1997 The Garden ,1895 **Animation in Asia and the Pacific** John A. Lent,2001 Animation has had a global renaissance during the 1990s and nowhere is this more evident than in Asia With the exception of China and Japan most Asian nations are relatively new to this art form Over the last decade countries such as Taiwan South Korea the Philippines and Thailand as well as China have acted as major offshore production plants for North American and European studios One of the spurs for this increase in activity has been the global growth of terrestrial cable satellite and video systems all demanding large menus of programming including animation A second spur has been the exceptional popularity that Japanese anim has enjoyed across Asia Europe and the United States Despite these developments there has not been corresponding growth of a serious literature covering industrial and aesthetic issues about Asian animation and the small amount of work that has been produced has not been published in English Animation in Asia and the Pacific provides the first continent wide analysis delving into issues of production distribution exhibition aesthetics and regulation in this burgeoning field Animation in Asia and the Pacific also offers vignettes of the fascinating experiences of a group of animation pioneers The historical and contemporary perspectives derive from interviews textual analysis archival research and participation observation data

Gender Protest and Same-Sex Desire in Antebellum American Literature David Greven,2016-04-22 Expanding our understanding of the possibilities and challenges inherent in the expression of same sex desire before the Civil War David Greven identifies a pattern of what he calls gender protest and sexual possibility recurring in antebellum works He suggests that major authors such as Margaret Fuller Edgar Allan Poe Herman Melville and Nathaniel Hawthorne consciously sought to represent same sex desire in their writings Focusing especially on conceptions of the melancholia of gender identification and shame Greven argues that same sex desire was inextricably enmeshed in scenes of gender role strain as exemplified in the extent to which *The Narrative of Arthur Gordon Pym* depicts masculine identity adrift and in disarray Greven finds similarly compelling representations of gender protest in Fuller s exploration of the crisis of gendered identity in *Summer on the Lakes* in Melville s representation of Redburn s experience of gender nonconformity and in Hawthorne s complicated delineation of desire in *The Scarlet Letter* As Greven shows antebellum authors not only took up the taboo subjects of same sex desire and female sexuality but were adept in their use of a variety of rhetorical means for expressing the inexpressible

WEINER,1990 **With Amusement for All** LeRoy Ashby,2006-05-12 Popular culture is a central part of everyday life to many Americans Personalities such as Elvis Presley Oprah Winfrey and Michael Jordan are more recognizable to many people than are most elected officials *With Amusement for All* is the first comprehensive history of two centuries of mass entertainment in the United States covering everything from the penny press to Playboy the NBA to NASCAR big band to hip hop and other topics including film comics television sports dance and music Paying careful attention to matters of race gender class technology economics and politics LeRoy Ashby emphasizes the complex ways in which popular culture simultaneously reflects and transforms American culture revealing that the world of entertainment constantly evolves as it tries to meet the demands of a diverse audience Trends in popular entertainment often reveal the tensions between competing ideologies appetites and values in American society For example in the late nineteenth century Americans embraced self made men such as John D Rockefeller and Andrew Carnegie the celebrities of the day were circus tycoons P T Barnum and James A Bailey Wild West star Buffalo Bill Cody professional baseball organizer Albert Spalding and prizefighter John L Sullivan At the same time however several female performers challenged traditional notions of weak frail Victorian women Adah Isaacs Menken astonished crowds by wearing tights that made her appear nude while performing dangerous stunts on horseback and the shows of the voluptuous burlesque group British Blondes often centered on provocative images of female sexual power and dominance Ashby describes how history and politics frequently influence mainstream entertainment When Native Americans blacks and other non whites appeared in the nineteenth century circuses and Wild West shows it was often to perpetuate demeaning racial stereotypes crowds jeered Sitting Bull at Cody s shows By the early twentieth century however black minstrel acts reveled in racial tensions reinforcing stereotypes while at the same time satirizing them and mocking racist attitudes before a predominantly white audience Decades later Red Foxx and Richard Pryor s profane comedy routines changed American entertainment The raw ethnic material of Pryor s short lived television show led to a series of African American sitcoms in the 1980s that presented common American experiences from family life to college life with black casts Mainstream entertainment has often co opted and sanitized fringe amusements in an ongoing process of redefining the cultural center and its boundaries Social control and respectability vied with the bold erotic sensational and surprising as entrepreneurs sought to manipulate the vagaries of the market control shifting public appetites and capitalize on campaigns to protect public morals Rock n Roll was one such fringe culture in the 1950s Elvis blurred gender norms with his androgynous style and challenged conventions of public

decency with his sexually charged performances By the end of the 1960s Bob Dylan introduced the social consciousness of folk music into the rock scene and The Beatles embraced hippie counter culture Don McLean s 1971 anthem American Pie served as an epitaph for rock s political core which had been replaced by the spectacle of hard rock acts such as Kiss and Alice Cooper While Rock n Roll did not lose its ability to shock in less than three decades it became part of the established order that it had originally sought to challenge With Amusement for All provides the context to what Americans have done for fun since 1830 showing the reciprocal nature of the relationships between social political economic and cultural forces and the way in which the entertainment world has reflected refracted or reinforced the values those forces represent in America
