Just Sex? Nicola Gavey, 2018-10-26 In the award winning Just Sex The Cultural Scaffolding of Rape Nicola Gavey provides an extensive commentary on the existing literature on rape analysing recent research to examine the psychological and cultural conditions of possibility for contemporary sexual violence Just Sex argues that feminist theory on sexual victimization has gone both too far and not far enough It presents the reader with a challenging and original perspective on the issues of rape sex and the body incorporating new material on sexism misogyny and digital culture as well as debates over gendered analyses of sexual violence The second edition has been updated and expanded to be extremely timely and relevant with the most recent high profile rape cases the Stanford rape case and the Belfast rape case being tried in the media and online The rise of the Hollywood Harvey Weinstein scandal and the MeToo movement makes this book incredibly useful and necessary to those who are working within the area of sexual violence This will appeal to academic readers studying psychology sociology and criminology as well as those looking into cultural influences on society It will also be very useful to those working in the professional sector on prevention and with people who have been subjected to sexual violence *Studies in the Psychology of Sex: Sexual inversion* Havelock Ellis, 1915 *Studies in the Psychology of Sex* Havelock Ellis, 1928

Studies in the Psychology of Sex: Sexual inversion. [2d ed Havelock Ellis, 1902 **Studies in the psychology of sex. v.2, 1902** Havelock Ellis, 1906 The Bible in English David Daniell, 2003-01-01 P 275 357 les ditions genevoises au 16e si cle de la Bible en anglais **Gender, Sex and the Shaping of Modern Europe** Annette F. Timm, Joshua A. Sanborn, 2016-03-10 Through a blend of history and historiography Gender Sex and the Shaping of Modern Europe provides a clear and concise introduction to gender history in the region The detailed examples and engaging language make this a useful overview for students not only of gender history but also of European history more widely as considerations of gender illuminate our understanding of historical change and individual experience In six thematic chapters that cover democracy and capitalism imperialism and war the authors explain how gender roles were socially constructed and how they influenced political and economic developments during the period This new edition has been thoroughly re edited and expanded to take account of ongoing methodological innovation and recent scholarship in the field The book also includes a brand new chapter on sexuality in the 21st century and extended material on Scandinavia The Mediterranean Alternative Sexualities Women s history and femininity Gender Sex and the Shaping of Modern Europe is a key text for all students of gender history and the history of modern Europe in general The One-Sex Body on Trial: The Classical and Early Modern Evidence Helen King, 2016-02-17 By far the most influential work on the history of the body across a wide range of academic disciplines remains that of Thomas Laqueur This book puts on trial the one sex two sex model of Laqueur s Making Sex Body and Gender from the Greeks to Freud through a detailed exploration of the ways in which two classical stories of sexual difference were told retold and remade from the mid sixteenth to the nineteenth century Agnodike the first midwife who disguises herself as

a man and then exposes herself to her potential patients and Phaethousa who grows a beard after her husband leaves her are stories from the ancient world that resonated in the early modern period in particular Tracing the reception of these tales shows how they provided continuity despite considerable change in medicine being the common property of those on different sides of professional disputes about women's roles in both medicine and midwifery The study reveals how different genres used these stories changing their characters and plots but always invoking the authority of the classics in discussions of sexual identity The study raises important questions about the nature of medical knowledge the relationship between texts and observation and the understanding of sexual difference in the early modern world beyond the one sex model Swedish Cinema and the Sexual Revolution Elisabet Björklund, Mariah Larsson, 2016-07-13 Swedish cinema became recognized for daring representations of sexuality with such films as *One Summer of Happiness* 1951 *The Silence* 1963 *I Am Curious Yellow* 1967 and a wave of sex films in the late 1960s and 1970s The association between Swedish film and sexuality shows up frequently in popular culture From *Taxi Driver* 1976 to *Mad Men* 2007 2015 dirty Swedish movie references abound Yet the connection has attracted little critical attention In this collection of new essays Swedish and American scholars go beyond popular misconceptions to explore the origins influences and reception of sexuality in Swedish cinema during the sexual revolution on both sides of the Atlantic A broad range of topics are covered from analyses of key films to a behind the scenes study of the Swedish Film Institute which played a significant role in opposing Swedish film censorship *The Sexual life of the child* Albert Moll, 1913 **The Politics of Fertility in Twentieth-Century Berlin** Annette F. Timm, 2010-08-30 How a declining population influenced reproductive and sexual health policy in Germany **Unmaking Sex** Anne E. Linton, 2022-03-24 During the nineteenth century words like intersex and trans had not yet been invented to describe individuals whose bodies or senses of self conflicted with binary sex But that does not mean that such people did not exist In nineteenth century France case studies filled medical journals high profile trials captured headlines and doctors staked their reputations on sex determinations only to have them later reversed by colleagues While medical experts fought over what separated a man from a woman novelists began to explore debates about binary sex and describe the experiences of gender ambiguous characters Anne Linton discusses over 200 newly uncovered case studies while offering fresh readings of literature by several famous writers of the period as well as long overlooked popular fiction This landmark contribution to the history of sexuality is the first book to examine intersex in both medicine and literature sensitively relating historical hermaphroditism to contemporary intersex activism and scholarship **Notes and Queries**, 1892 *Notes and Queries: a Medium of Inter-communication for Literary Men, Artists, Antiquaries, Genealogists, Etc*, 1892 The Esoteric Basis of Christianity William Kingsland, 1895 The esoteric basis of Christianity: or, Theosophy and Christian doctrine William Kingsland, 1893 **The Modern Spain Sourcebook** Aurora G. Morcillo, María Asunción Gómez, Paula De La Cruz-Fernández, José Manuel Morcillo-Gómez, 2018-01-11 Incorporating a wide range of visual and translated written sources

The Modern Spain Sourcebook documents Spain's history from the Enlightenment to the present. The book is thematically arranged and includes six key primary sources on ten significant areas of Spanish history including the arts, work, education, religion, politics, sexuality, and empire. As well as the book's overarching introduction, there are theme-specific introductions and vital historical context sections provided for the sources that are presented. There are also useful suggested analytical questions and helpful web link lists included throughout. The Modern Spain Sourcebook covers political and economic history but moves beyond this to provide a more complete picture of Spanish history through the sources selected with gender history, social history, and cultural history coming to the fore. This is a crucial text containing a vital trove of primary material for all students of Spain and its history.

The Anime Encyclopedia, 3rd Revised Edition Jonathan Clements, Helen McCarthy, 2015-02-09. Impressive, exhaustive, labyrinthine, and obsessive. The Anime Encyclopedia is an astonishing piece of work. Neil Gaiman. Over one thousand new entries, over four thousand updates, over one million words. This third edition of the landmark reference work has six additional years of information on Japanese animation, its practitioners, and products, plus incisive thematic entries on anime history and culture. With credits, links, cross-references, and content advisories for parents and libraries. Jonathan Clements has been an editor of Manga Max and a contributing editor of Newtype USA. Helen McCarthy was founding editor of Anime UK and editor of Manga Mania.

Obscene Pedagogies Carissa M. Harris, 2018-12-15. In *Obscene Pedagogies*, Carissa M. Harris investigates the relationship between obscenity, gender, and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent. Through innovative close readings of literary texts including erotic lyrics, single woman's songs, debate poems between men and women, Scottish insult poetry, battles, and *The Canterbury Tales*, Harris demonstrates how, through its transgressive charge and galvanizing shock value, obscenity taught audiences about gender, sex, pleasure, and power in ways both positive and harmful. Harris's own voice, proudly witty and sharply polemical, inspires the reader to address these medieval texts with an eye on contemporary issues of gender, violence, and misogyny.

[The Sex Texts](#) Arthur L., 2013-09-16. For all intent, virtually all accepted mainstream Catholic Christian tenets remain untouched for the past two millennia. It follows, then, that we take for evident truths, for example, our views on the Creator and creation's sexuality, gender issues, and human relationship concerns may in fact be nothing but establishment dogmas gleaned from wrong interpretation or translation of the original text and intent of Jesus Christ and the Bible authors. Now isn't the mere chance of that being true too scary? *The Sex Texts: Sexuality, Gender, and Relationships in the Bible* by L. Robert Arthur raises just that possibility despite the strong likelihood of facing stiff criticism from many sectors, mostly of the established Catholic persuasion. Yet those inclined to know the true message of Jesus Christ and his closest disciples may well take heed to scrutinize at the very least what Robert is trying to point out in his work. *The Sex Texts: Sexuality, Gender, and Relationships in the Bible* promises to raise a storm, but the public debate it could engender may yet

start a new direction for the rest of humanity
