region of Southeast Asia has been one of the focal points for study in academic circles. Most of the studies concentrate on the economic development but social development received relatively lesser attention. The region has undergone a period of rapid transition and development in various aspects such as education, social security, poverty reduction, labour protection, health, social structure and politics. The financial crisis in 1997 has posed a serious threat to most of the countries and territories in the region and unavoidably affected the social development achieved in the past decades. This text is dedicated to examining the development and achievement of various social aspects in the region. It discusses the challenges and potential of this region in the twenty first century. It is of considerable reference value and benefits those who want to have an overview and critical understanding of the issues of social development in Southeast Asia. **Directory of Labor**

Organizations, Asia and Australasia United States. Bureau of International Labor Affairs, 1963 *Annual Report of the President* Singapore. Industrial Arbitration Court, 1994 Blunting Neoliberalism L. Fraile, 2016-04-30 This volume is one of the first books to consider the impact of tripartism across the developing world. It covers 8 case studies from Africa, Asia, Eastern Europe and Latin America focusing on developments since the 1990s. These studies show that tripartism has the effect of reducing the social impact of neoliberal economics reforms. *Singapore's National Wages Council: An Insider's View* Chong Yah Lim, 2013-12-30 Written by Emeritus Professor LIM Chong Yah, Founding Chairman of the tripartite National Wages Council (NWC), this unique volume offers readers an insider's view of the genesis and the evolution of the wage determination mechanism and system in Singapore under the aegis of the NWC. As a tripartite body dealing with wages, wage policies and wage related matters and promoting Growth with Equity, the NWC played a critical role in transforming industrial relations in Singapore from the then confrontational approach to that of mutual understanding, esprit de corps and social co-partnership. Drawing from his 30 year experience as NWC Chairman (1972-2001), Singapore's eminent Economics Professor shares with readers the important process and problems of seeking equitable wage increases through tripartite consensus based on a yearly national wage guideline system. The book also chronicles the role of the NWC in crisis management in 1974, 1985 and 1998 and in Economic Restructuring (1979-1981). The structure and operation of this unique Singapore institution and the interesting problems of securing unanimity of support from the three tripartite partners are revealed in the book. Some important NWC personalities and their concerns and unique contributions are interestingly covered anecdotally. **Singapore Eurasians: Memories, Hopes And Dreams** Alexius A Pereira, Myrna Braga-Blake, Ann Ebert-Oehlers, 2016-12-21 *Singapore Eurasians: Memories, Hopes and Dreams* offers insight into the Singapore Eurasian community, one of Singapore's minority communities.
