Wilson H. Kimnach, Caleb J.D. Maskell, and Kenneth P. Minkema, editors. Jonathan Edwards's "Sinners in the Hands of an Angry God": A Casebook. New Haven and London: Yale University Press, 2010. 204 pages.

This book attempts to deconstruct the various dimensions of Jonathan Edwards's famous sermon. In other words, it offers the social, historical and theological contexts for the sermon for the novice reader. Even for those practicing Christianity for a long time, the book offers key insights and asides with respect to the text in question. Included in the book are the authoritative/definitive version of the sermon; essays that tell how the sermon came about and place it in historical and theological context. It serves as a sampling of Edwards's "theological, philosophical and personal writings to contextualize the sermon in the life and thought of the man; a number of contemporary and historical interpretations of the sermon; and a number of lesser devices (chronology, glossary, teaching ideas, and a brief list of suggested readings" (Kimnach et. al. 12)

Teaching Sinners In The Hands Of An Angry God

Turley, Stephen Richard. "Awakened to the Holy: 'Sinners in the Hands of an Angry God' in Ritualized Context." *Christianity and Literature* 57.4 (2008): 507+.

This journal article has a specific focus, namely to elucidate Jonathan Edwards's sermon in the context of local history and Christian theology. In other words, the powerfully worded sermon was unusual at the time in which it was delivered. It struck awe among the listeners and induced them to introspect on their moral condition. The circumstances preceding the deliverance of the sermon are quite interesting. In the neighboring town of Suffield there was a renewal of Christian faith as evidenced from the addition of numerous communicants to the central parish there. This revival of Christianity spread to regions surrounding Suffield. It is in this context that "a number of clergy had banded together to stoke the fires of revival by instituting a series of weekday services, traveling back and forth between pious Suffield and Impious Enfield" (Turley 115) But nothing in the events leading up to the sermon would indicate the compelling logic and captivating imagery compiled up by Edwards. The surprising fact is that Edwards was not erstwhile renowned for making voracious speeches. Rather his mode of sermonizing is thought to be controlled yet authoritative.

In sum, the authorial team's adoption of a ritual-theoretical approach "bridges the gap between the published text and the corporate setting of its original delivery in order to account for the sermon's original efficacy" (Turley 88)

Jonathan Edwards, 2011-01 Although *Sinners in the Hands of an Angry God* was delivered to Edwards's congregation in Northampton in June 1741 it is forever remembered for its effect on the congregation in the frontier town of Enfield Connecticut on Wednesday 8 July 1741 An eyewitness described an audience so moved by the sermon that people moaned shrieked and cried out for salvation while the preacher was speaking Apparently the reaction was so strong that Edwards was unable to finish the sermon possibly the only time such an interruption had happened to him except for the day several years earlier when the gallery of the old Northampton meetinghouse fell This edition includes a summary of the sermon a short biography of Jonathan Edwards's life and an overview of the Great Awakening

"Born Again": A Portrait and Analysis of the Doctrine of Regeneration within Evangelical Protestantism Stephen J. Hamilton, 2017-04-03 Stephen J. Hamilton attempts to create a portrait of born again Christianity by providing a general introduction to the doctrine of regeneration including its development in modernity as well as short exegeses of relevant scriptural texts followed by a close reading of four theologians Philipp Jakob Spener Jonathan Edwards Friedrich D E Schleiermacher and Charles G Finney who all associate the doctrine of regeneration with an experience of presence in the individual believer In light of these analyses he then traces a general theological structure of the born again understanding of regeneration including a catalogue of theological issues over which there is significant disagreement in order to create a topography of born again theologies In the final section he applies these results to contemporary conversion narratives of non theologians It is in such conversion narratives the author argues that theologians can discover an implicit lived theology that reveals how doctrines are perceived and put into practice among Christians Accordingly this is to be understood as the result of the creative reciprocity between often tacit theological convictions and the experiences of the Christian life The final chapter as a coda to the entire work offers some concluding reflections on the present cultural and political situation in the USA pertaining to born again

Christianity and argues against any oversimplifications of the relationship between born again theologies culture and politics

Religion in Cormac McCarthy's Fiction Manuel Broncano, 2013-11-20 This book addresses the religious scope of Cormac McCarthy's fiction one of the most controversial issues in studies of his work Current criticism is divided between those who find a theological dimension in his works and those who reject such an approach on the grounds that the nihilist discourse characteristic of his narrative is incompatible with any religious message McCarthy's tendencies toward religious themes have become increasingly more acute revealing that McCarthy has adopted the biblical language and rhetoric to compose an apocryphal narrative of the American Southwest while exploring the human innate tendency to evil in the line of Herman Melville and William Faulkner both literary progenitors of the writer Broncano argues that this apocryphal narrative is written against the background of the Bible a peculiar Pentateuch in which Blood Meridian functions as the Book of Genesis the Border Trilogy functions as the Gospels and No Country for Old Men as the Book of Revelation while The Road is the post apocalyptic sequel This book analyzes the novels included in what Broncano defines as the South Western cycle from Blood Meridian to The Road in search of the religious foundations that support the narrative architecture of the texts
