Queer Sexualities in Early Film Shane Brown, 2016-07-26 Since the publication of Vito Russo's seminal study *The Celluloid Closet* in 1981 much has been written about the representation of queer characters on screen. Until now, however, relatively little attention has been paid to how queer sexualities were portrayed in films from the silent and early sound period. By looking in detail at a succession of recently found films and revisiting others, Shane Brown examines images of male-male intimacy, buddy relationships, and romantic friendships in European and American films made prior to 1934, including *Different from the Others* and *All Quiet on the Western Front*. He places these films within their socio-political and scientific context and sheds new light on how they were intended to be viewed and how they were actually perceived. In doing so, Brown offers his readers a unique insight into a little-known area of early cinema, queer studies, and social history.

Bared Before the Gods Alyson Belle, When you steal from the gods, they find the most creative ways to punish you. Lukas and his best friend Mal are Greek adventurers and warriors in the tradition of Jason, Odysseus, and a host of other heroes. Lukas knows that despite his humble beginnings, he has the potential to take his place among those men as a legend of mythic proportions. But no one else believes in him, and so he sets out to prove them all wrong by undertaking a most Herculean task: climbing Mount Olympus and stealing Zeus's golden crown. Zeus, however, is not amused, and Lukas's theft is quickly punished with his swift and painful death. Or so Zeus believes. But Aphrodite has other plans for such a bold and handsome hero. She rescues Lukas from death's door and uses her powers to hide him away in the body of Lucia, a comely maiden whom Zeus would never suspect of being the thief who took his crown. Now Lucia has only a few days to convince Mal to help her find and return Zeus's crown before the other gods realize what Aphrodite has done and return Lucia to Hades or, worse, leave her trapped forever in the body of this maiden. She'll need to move fast and decisively to win the day, which would be easy if she weren't so distracted by all these strange new feelings of lust and attraction she's having for her adventuring partner Mal.

Transgender Rights vs Women's Rights Robert Wintemute,2025-07-04 Trans rights are human rights Women s rights are human rights Yes but the human rights of two groups often conflict The only way to resolve these conflicts is through calm rational public debate Freedom of expression protects the right of women to question certain demands by trans rights

activists even if this might offend Raising conflicts between transgender rights and women s rights is not transphobic because disagreement is not hatred The concept of transphobia should be defined narrowly as statements or acts indicating hostility or prejudice towards transgender persons If the right to speak about conflicts is protected and we start by acknowledging the broad areas of agreement about the human rights of transgender people we can turn to the substance of these conflicts Should it be possible for an individual to change their legal sex If so how easy should it be Should it be changeable only after a diagnosis of gender dysphoria and a waiting period Or should it be sufficient to self identify as a person of the opposite sex Or should sex be removed from birth certificates so that there is nothing to change Robert Wintemute carefully examines these conflicts considers the differences between transgender rights and lesbian gay and bisexual LGB rights and proposes ways to achieve co existence between transgender rights and women s and children s rights

**Contradiction** Linda Jaivin, Esther Sunkyung Klein, Sharon Strange, 2022-05-10 In the second year of the COVID-19 pandemic, the many facets of crisis, the theme of last year's China Story Yearbook, fractured into pictures of contradiction throughout Chinese society and the Chinese sphere of influence. Contradiction, the ancient Chinese word for the concept, holds within it the image of an unstoppable spear meeting an impenetrable shield. It describes a wide range of phenomena that English might express with words like conflict, clash, paradox, incongruity, disagreement, rebuttal, opposition, and negation. This year's Yearbook presents stories of action and reaction, of motion and resistance. The theme of contradiction plays out in different ways across the different realms of society, culture, environment, labour, politics, and international relations. Great powers do not necessarily succeed in dominating smaller ones. The seemingly irresistible forces of authoritarianism, patriarchy, and technological control come up against energised and surprisingly resilient means of resistance or cooptation. Efforts by various authorities to establish monolithic narrative control over the past and present meet a powerful insistence on telling the story from an opposite angle. The China Story Yearbook Contradiction offers an accessible take on this complex and contradictory moment in the history of China and of the world.
