diverse spectrum of fraternity and sorority members across the intersections of identity so often excluded from the literature. Chapters in this text attempt to foreground how the fraternity sorority experience explicitly contributes to these areas of student development across multiple identities including race ethnicity culture gender identity social class and ability. Authors critically interrogate systems of oppressions that subjugate marginality from those with intersectional identities to recognize the larger challenges facing the sorority fraternity movement as an attempt to disrupt these systems to better identify influences on identity development.

Pietro Sasso and the contributing authors of this robust text successfully endeavor to inform practice through critical analysis framing important questions and offering pragmatic solutions that are timely relevant and practical in both the academy and the fraternal system. This book is a must read for anyone seeking to understand or have a relevant impact on the intersections of sense of belonging identity development and sorority fraternity life.

Jason L Meriwether, Campbellsville University. In their most recent book examining contemporary sorority and fraternity life, Sasso, Biddix and Miranda have curated discerning chapters that expand existing scholarship by exploring the impact of fraternity and sorority membership on identity development belonging and student voice through critical lenses. This book should be on the bookshelf of all higher education administrators and faculty.

Gavin Henning, New England College. *Godey's Lady's Book*, 1861. *Theory in Its Feminist Travels* Katie King, 1994.
