Liddicoat, 2018-10-18 In a world where higher education is increasingly internationalised questions of language use and multilingualism are central to the ways in which universities function in teaching research and administration Contemporary universities find themselves in complex linguistic environments that may include national level language policies local linguistic diversity an internationalised student body increasing international collaboration in research and increased demand for the use and learning of international languages especially English The book presents a critical analysis of how universities are responding these complexities in different contexts around the world The contributions show that language issues in universities are complex and often contested as universities try to negotiate the national and the international in their work In some contexts universities language policies and the ways in which they are implemented may have a negative impact on their ways of working In other contexts however universities have embraced multilingualism in ways that have opened up new academic possibilities for staff and students Collectively the chapters show that universities language policy and planning are a work in progress and that much further work is needed for universities to achieve their language goals This book was originally published as a special issue of Current Issues in Language Planning University of Maryland Working Papers in Linguistics ,1996 **Language Policies in Education** James W. Tollefson, 2013 How do language policies in schools create inequalities among learners How

do policies marginalize some students while granting privilege to others How do language policies in education serve the interests of dominant groups within societies How can linguistic minorities further their interests through attempts to change language policies in schools This new edition of *Language Policies in Education* takes a fresh look at these enduring questions at the heart of fundamental debates about the role of schools in society the links between education and employment and conflicts between linguistic minorities and mainstream populations Reflecting developments in language policy since the publication of the first edition in 2002 all chapters are original and substantial contributions to the study of language policy and exemplify major theories and research methods in the field Chapter authors are major scholars in language policy and critical language studies The case studies international in scope present cutting edge analyses of important language policy debates in countries around the world *The Bantu Bibliography* Jouni Maho, 2008 **Pushing the boundaries** James Essegbey, Brent Henderson, Fiona McLaughlin, Michael Diercks, 2024-11-12 This volume contains some of the papers there were presented at ACAL 51 52 which was organized virtually at the University of Florida A couple were accepted for presentation at ACAL 51 which was canceled because of COVID 19 The theme of ACAL 51 52 was African linguistics pushing the boundaries There are 18 papers and an introduction two phonetics papers five phonology papers nine syntax papers one sociolinguistics paper and one typology paper **Liber Amicorum** Marius Paul Olivier, Letlhokwa George Mpedi, Evance Kalula, 2020-12-10 Though some may categorise this work as a memorial publication this book of friends is truly a celebratory publication by colleagues from Africa and beyond who had the privilege to know Edwell and Mathias personally It is a tribute to the life and work of two individuals that each made a unique contribution to social justice law and its development As evidenced by the Tributes and Lists of Publications contained herein both Edwell and Nyenti as they were colloquially known were productive scholars but they leave a legacy that extends beyond the academic realm to that of friendship and shared humanity *Handbook of Research on Teaching in Multicultural and Multilingual Contexts* Charamba, Erasmios, 2022-06-24 Several factors have resulted in increased intra and inter state migration This has led to an increase in the enrollment of students with diverse linguistics backgrounds placing more academic demands on educators Linguistic diversity presents both opportunities and challenges for educators across the educational spectrum Language ideologies profoundly shape and constrain the use of language as a resource for learning in multilingual or linguistically diverse classrooms While English has become the world language most communities remain and are becoming more and more multicultural multilingual and diverse The *Handbook of Research on Teaching in Multicultural and Multilingual Contexts* moves beyond the constraints of current language ideologies and enables the use of a wide range of resources from local semiotic repertoires It examines the phenomenon of language use language teaching multiculturalism and multilingualism in different learning areas giving practitioners a voice to spotlight their efforts in order to keep their teaching afloat in culturally and linguistically diverse situations Covering topics such as Indigenous languages multilingual

deaf communities and intercultural competence this major reference work is an essential resource for educators of both K 12 and higher education pre service teachers educational psychologists linguists education administrators and policymakers government officials researchers and academicians *Rethinking MSM, Trans* and other Categories in HIV Prevention* Amaya G. Perez-Brumer, Richard Parker, Peter Aggleton, 2018-12-07 As the HIV epidemic moves into its fourth decade it is clear that the global response has failed to adequately address the needs of a wide range of vulnerable populations and groups Chief among these are gay bisexual and other men who have sex with men and transgender persons who globally face the disproportional burden of HIV infection This volume rethinks HIV prevention and health promotion for sexual and gender minorities in both the industrialised societies of the West as well as in the developing nations of the Global South The chapters it contains offer a critical analysis of past and present HIV research employing categories to designate gay and other men who have sex with men transgender persons and or other persons and communities with diverse gender and sexual identities Contributors question the politics of many of the existing classifications and categories in HIV research and argue for a more sophisticated analysis of gender and sexual diversity in order to tackle the social and political barriers that impede the design of successful HIV prevention and health promotion approaches This book was originally published as a special issue of Global Public Health
